FUND OVERVIEW

The Fund seeks to track the performance of an index composed of Swiss companies with high dividend yields and a sustainable dividend policy.

KEY BENEFITS

1. Exposure to companies in Switzerland with high dividend yields and a sustainable dividend policy.
2. Direct investment in Swiss companies
3. Single country exposure with a focus on income

RISK INDICATOR

Lower Risk — Potentially Lower Rewards

Higher Risk — Potentially Higher Rewards

1	2	3	**4**	5	6	7

CAPITAL AT RISK: The value of investments and the income from them can fall as well as rise and are not guaranteed. Investors may not get back the amount originally invested.

KEY RISKS:

- Investment risk is concentrated in specific sectors, countries, currencies or companies. This means the Fund is more sensitive to any localised economic, market, political, sustainability-related or regulatory events.
- The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events.
- Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss.

The figures shown relate to past performance. **Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future. It can help you to assess how the fund has been managed in the past** Performance is shown on a Net Asset Value (NAV) basis, with gross income reinvested where applicable. Performance data is based on the net asset value (NAV) of the ETF which may not be the same as the market price of the ETF. Individual shareholders may realize returns that are different to the NAV performance. The return of your investment may increase or decrease as a result of currency fluctuations if your investment is made in a currency other than that used in the past performance calculation. iShares ETF (CH) and iShares ETF II (CH) are umbrella funds established under the Swiss Collective Investment Schemes Act (CISA) of June 23, 2006, as amended, and are divided into sub-funds. The funds are authorised by the Swiss Financial Market Supervisory Authority ("FINMA"). Investors who are not Authorised Participants must buy and sell shares on a secondary market with the assistance of an intermediary (e.g. a stockbroker) and may incur fees and additional taxes in doing so. In addition, as the market price at which the Shares are traded on the secondary market may differ from the Net Asset Value per Share, investors may pay more than the then current Net Asset Value per Share when buying shares and may receive less than the current Net Asset Value per Share when selling them. Any investment decision should be made on the basis of the information outlined above and Investors should understand all characteristics of the funds objective before investing, if applicable this includes sustainable disclosures and sustainable related characteristics of the fund as found in the prospectus, which can be found www.blackrock.com on the relevant product pages for where the fund is registered for sale. For information on investor rights and how to raise complaints please go to https://www.blackrock.com/corporate/compliance/investor-right available in in local language in registered jurisdictions.
