## Informations about the Fund

### Classification

International equities.

### Determination and allocation of distributable sums

Accumulation and/or distribution at the discretion of the Management Company.

### Tax treatment

The Fund is eligible for life insurance policies. The Fund may provide a support vehicle for life insurance policies denominated in units of account.

The UCITS, by its nature, is not subject to taxation. However, unitholders may be taxed on any income distributed by the Fund or when they sell Fund units. The tax treatment applicable to amounts distributed by the Fund or unrealised or realised capital gains or losses will depend on the individual unitholder's tax situation, residence for tax purposes and/or the investment jurisdiction of the Fund. If an investor is uncertain of his or her tax position, the investor should consult a financial advisor or a professional investment consultant to determine the tax rules applicable to his or her particular situation before any investment. Some income distributed by the UCITS to unitholders residing outside France may be subject to withholding tax in France.

### Benchmark index

The Fund's benchmark index is the euro-denominated MSCI World ex EMU Index with net dividends reinvested (net return).

The MSCI World ex EMU Index is an "equities" index calculated and published by the international index provider MSCI Inc. ("MSCI"). The equities in the MSCI World ex EMU Index are leading securities traded in the equity markets of developed countries that do not belong to the European Economic and Monetary Union.

### Management fees & commissions

Administrative and management fees: 0.35% including tax.

Subscription fees received by the Fund: None.

In compliance with current regulations, this mutual fund has, during the financial period just ended, levied charges at rates which are in line with those stated in the Prospectus and used under the following headings:

- Notes to the Annual Accounts /- Management fees.
- Shareholders' Funds /- Subscription and/or redemption fees /- Management fees.

### Investment objective

The Fund's investment objective is to track the performance of the MSCI World ex EMU Index (see "Benchmark index" section), as closely as possible, whether the Index rises or falls.

The Fund is managed so as to achieve the smallest possible gap between changes in its NAV and changes in the value of the MSCI World ex EMU Index (referred to below as the "MSCI World ex EMU Index"). The target for maximum tracking error between changes in the Fund's NAV and those in the MSCI World ex EMU Index is 2%.

If the tracking error exceeds 2%, the aim would nevertheless be to remain below 15% of the volatility shown by the MSCI World ex EMU Index.

### Investment strategy

The Fund is managed "passively".

#### 1. Strategy employed:

The Fund is managed using a technique known as "index-tracking", the objective of which is to replicate changes in the performance of the MSCI World ex EMU Index using a swap-based replication method.

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

To maintain the closest possible correlation with the performance of the MSCI World ex EMU Index, the Fund will buy a diversified portfolio of stocks (the "Portfolio") and an over-the-counter (OTC) total return swap, a financial derivative instrument which turns the exposure to the securities in the Portfolio into exposure to the MSCI World ex EMU Index.

The Fund shall observe the investment rules stipulated in Articles R214-21, R214-22 and R214-23 of the French Monetary and Financial Code.

The Portfolio comprising directly held assets described in the "Assets used" section, complies with the provisions of Article R 214-21 of the French Monetary and Financial Code (CMF).

The Fund's exposure to the Index achieved through the total return swap may be eligible for exemption ratios applicable to the index-tracking UCITS referred to in Article R214-22 of the French Monetary and Financial Code (CMF). That Article stipulates that an index may comprise up to 20% equities or debt securities issued by the same entity; this limit may be raised to 35% maximum for a single issuing entity, when such increase is justified by special market circumstances such as the regulated markets where some marketable securities or some money-market instruments are largely dominant.

The UCI does not take into account environmentally sustainable economic activities as defined by the Taxonomy Regulation and it does not, therefore, take into account the European Union criteria in this regard.

## **2. Assets used (except embedded derivatives):**

The Fund's exposure to the Index is achieved through the total return swap.

The Portfolio consists of the Fund's directly held assets described below.

### **- Equities:**

The Fund will be permanently exposed at least 60% on a foreign equities market or on equity markets in a number of countries.

Up to 100% of the Fund's net assets will be invested, subject to the legal and regulatory ratios, in international equities (any economic sector, traded on any market). However, in the event of adjustments associated with subscriptions/redemptions, investments may exceed this limit on a residual basis.

The stocks in the Fund's portfolio will consist of stocks included in the MSCI World ex EMU Index and other international stocks, from all economic sectors, including small-cap markets. The equities in the Fund's assets will be chosen to limit costs associated with reproducing the MSCI World ex EMU Index.

At least 90% of the Fund will be permanently invested in listed shares. For the purposes of interpreting this ratio, shares issued by REITs (as defined by the German Ministry of Finance) or UCIs are not considered as shares.

### **- Interest-rate instruments:**

Up to 25% of the Fund's net assets may be invested in any kind of bond instruments.

Portfolio securities will be selected according to management decision and in compliance with the internal credit risk monitoring policy of the Management Company.

For the purpose of stock picking, management does not, either exclusively or mechanically, rely on the ratings issued by rating agencies, but bases its buy and sell convictions of a security on its own credit and market analyses. For information, management may specifically deal in securities with minimum ratings, at the time of purchase, of BBB- in the S&P and Moody's scale ("investment grade" rating).

The bond issuers selected may be from the private sector or from the public sector (national or local governments, etc.), and private sector debt may account for up to 100% of all debt instruments.

Foreign debt instruments will be denominated in the currency of one of the OECD member countries.

In order to meet its investment objective and/or manage intermediate financial flows, the Fund may hold up to 10% of its assets in the following:

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

- Euro-denominated debt instruments and money-market instruments: cash flow is managed through money market instruments.

Portfolio securities will be selected according to management decision and in compliance with the internal credit risk monitoring policy of the Management Company.

For the purpose of stock picking, management does not, either exclusively or mechanically, rely on the ratings issued by rating agencies, but bases its buy and sell convictions of a security on its own credit and market analyses. For information purposes, management may specifically deal in securities with minimum ratings of AA in the S&P and Moody's scale.

The bond issuers selected may be from the private sector or from the public sector (national or local governments, etc.), and private sector debt may account for up to 100% of all debt instruments. The average maturity of these instruments will not exceed ten years.

- UCITS units or shares:

The Fund may hold up to 10% of its assets in units and/or shares of UCITS. These UCITS are representative of all asset classes, in compliance with the Fund's requirements.

They may be UCITS managed by the Management Company, or by other entities, which may or may not belong to the Crédit Agricole SA Group, including related companies.

### 3. Derivatives:

The Fund will use OTC derivative financial instruments, in particular futures such as total return swaps, to swap the value of stocks held by the Fund for the value of the MSCI World ex EMU Index.

The Fund may take positions in the following derivatives:

- Type of market:

- ☒ regulated
- ☒ organised
- ☒ over-the-counter

- Categories of risk in which the Fund intends to take a position:

- ☒ equity risk
- ☐ interest rate risk
- ☒ currency risk
- ☐ credit risk
- ☐ volatility

- Nature of positions to be taken, which must be limited to those required to meet the management objective:

- ☒ hedging
- ☒ exposure
- ☐ arbitrage
- ☐ trading
- ☐ other

- Types of instruments used:

- ☒ futures: on equities and indices
- ☒ options: on equities and indices
- ☒ total return swaps: on equities and indices

The Fund may enter into exchange contracts in two combinations from the following types of flows:

- fixed rate
- variable rate (indexed on the Eonia, Euribor, or any other market benchmark)
- performance linked to one or more listed currencies, equities, stock market indices or securities, UCIs or investment funds
- dividends (net or gross)

- ☒ total return swap
- ☐ other

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

- Strategies for use of incorporated derivatives to achieve the management objective:
  - ☒ constructing synthetic exposure to a particular security, sector and/or to the MSCI World ex EMU Index through the use of total return swaps.
  - ☒ management of intermediate cash flows (dividends, subscriptions/redemptions, etc.) to achieve the desired degree of exposure to a stock, a business sector and or the MSCI World ex EMU index via the use of futures.
  - ☒ management of intermediate cash flows (dividends, subscriptions/redemptions, etc.) to reach the desired degree of exposure to a particular stock and/or sector and/or to the MSCI World ex EMU Index via the use of options.

These instruments may be used to hedge up to 100% of the Fund's net assets.

For information purposes, when the Fund is being set up, total return swaps represent approximately 100% of net assets and they represent up to 110% during its life cycle.

The assets held by the Fund and on the performance of which the total return swaps focus are retained by the depositary.

The forward total return swap is kept in position in the depositary's books.

The commitments arising from derivatives must not exceed 110% of net assets.

#### **4. Securities incorporating derivatives ("embedded derivatives"):**

None.

#### **5. Deposits and liquid assets:**

The Fund may hold up to 20% of its net assets in deposits for a maximum term of twelve months. The deposits are used for cash management purposes and help the Fund achieve its management objectives.

#### **6. Borrowing:**

The Fund may temporarily, and in exceptional cases, borrow up to 10% of its net assets in order to optimise its cash flow management.

#### **7. Temporary acquisitions and sales of securities:**

None.

#### **Information relating to financial guarantees (temporary purchases and sales of securities) and total return swaps (TRS)**

Type of collateral:

In the context of temporary purchases and sales of securities and OTC derivative transactions, the Fund may receive collateral of securities and cash.

The discounts that may be applied to the collateral received will take into account the nature, maturity, credit quality, currency and price volatility of the securities, as well as the results of the stress tests performed.

The securities received as collateral must adhere to the criteria defined by the Management Company. They must be:

- liquid
- transferable at any time
- diversified in compliance with the eligibility, exposure and diversification rules of the UCITS
- issued by an issuer that is not an entity of the counterparty or its group

For bonds, the securities will also be issued by high-quality issuers located in the OECD whose minimum rating may be AAA to BBB- on the scale of Standard & Poor's or with a rating deemed equivalent by the management company. Bonds must have a maximum maturity of 50 years.

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

The criteria described above are detailed in a Risk Policy available on the Management Company's website at [www.amundi.com](http://www.amundi.com) and may be subject to changes, particularly in the event of exceptional market circumstances.

The discounts that may be applied to the collateral received will take into account the credit quality, the price volatility of the securities and the results of the stress tests performed.

Reuse of cash received as collateral: Cash received as collateral may be reinvested in deposits, government bonds, repurchase agreements or short-term money market UCITS in accordance with the Management Company's Risk Policy.

Reuse of securities received as collateral:

Not authorised: Securities received as collateral may not be sold, reinvested or pledged as guarantee.

## **Overview of the procedure for choosing intermediaries / counterparties and comments**

The Management Company generally issues a bid tender. In this case, a comprehensive Request For Proposal ("RFP") (total return swap and market making) was issued for a portion of the AMUNDI ETF Fund product line. For this reason, the Management Company has not undertaken nor shall undertake, for this particular Fund, a formal competitive bidding procedure that can be tracked and monitored among counterparties for OTC derivative financial instruments, as the counterparty has already been selected during the comprehensive RFP. The Fund may carry out these transactions with BNP Paribas SA or any other Company of the BNP Paribas SA group as counterparties or intermediaries.

## e) Type and quality of collateral

Amundi Asset Management undertakes to accept only securities of a high credit quality and to increase the value of its collateral by applying valuation discounts to securities loaned to it. This process is regularly reviewed and updated.

### i) Reuse of collateral

« The regulations governing UCIT forbid the reuse of collateral securities. Cash collateral received is:

- o reinvested in short-term money market funds (as defined by ESMA in its 'Guidelines on ETFs and other UCITS issues')
- o placed on deposit;
- o reinvested in high-quality long-term government bonds
- o reinvested in high-quality short-term government bonds
- o used for the purpose of reverse repurchase transactions.»

The maximum proportion of received collateral that may be reused is 0% in the case of securities and 100% in the case of cash.

The effective usage amounts to 0% for collateral securities and 100% for cash collateral.

## k) Custody of collateral provided by the UCI

Amundi Asset Management undertakes to do business with a limited number of depositaries, selected to ensure the adequate custody of securities received and cash.

## I) Breakdown of revenue and expenses

For securities lending transactions and repurchase agreements, Amundi Asset Management has entrusted Amundi Intermédiation, acting on behalf of the UCITS, with the following responsibilities: selecting counterparties, ordering the implementation of market agreements, monitoring counterparty risk, performing qualitative and quantitative monitoring of collateralisation (dispersion checks, ratings, liquid assets), repurchase agreements and securities lending. Income generated from these transactions is paid into the UCITS. Costs generated by these transactions are incurred by the UCITS.

**Modification** Amundi Asset Management (the "Asset Manager"), a French Société Anonyme (public limited company), a Portfolio Management Company operating under AMF approval no. GP 04000036 - Registered office: 91-93, Boulevard Pasteur - 75015 Paris

**Modification** CACEIS Bank (the "Depository"), a French public limited company (société anonyme) - Main activity: Credit Institution and investment services provider approved by the Credit Institutions and Investment Firms Committee (Comité des Etablissements de Crédit et des Entreprises d'Investissement/CECEI) on 1 April 2005 - Registered office: 89-91 rue Gabriel Péri, 92120 Montrouge

**Modification** CACEIS Bank, a French public limited company (société anonyme) - Registered office: 89-91 rue Gabriel Péri, 92120 Montrouge - Main activity: Bank and investment services provider approved by the Credit Institutions and Investment Firms Committee (CECEI) on 1 April 2005.

**Modification** CACEIS Fund Administration, a French public limited company (société anonyme) - Registered office: 89-91 rue Gabriel Péri - 92120 Montrouge CACEIS Fund Administration is the CREDIT AGRICOLE Group entity specialising in the administrative and accounting management of UCITS schemes on behalf of clients internal and external to the Group. CACEIS Fund Administration has accordingly been appointed by the Asset Manager as Delegated Accounts Manager for the valuation and accounting administration of the Fund. CACEIS Fund Administration is responsible for asset valuation, calculation of the Fund's net asset value, and interim documents.

### Addition (i)

**Addition** The Asset Manager and the Fund have the status of a "Reporting French Financial Institution" and are registered with the United States tax authority. Initially, the Management Company was registered as a Sponsoring Entity and acts on behalf of the Fund, which will be sponsored for the needs of FATCA

### Addition (ii)

**Addition** in order to comply with these tax provisions, the FATCA status of the Fund requires obtaining, for the full period of ownership of investments in the Fund, additional identification information from investors regarding their FATCA status. Before investing in the Fund, all investors are required to self-certify their FATCA status (with their financial intermediary, the Asset Manager, a delegated entity or the distributor), using forms W8, W9, or their current equivalents, or, for FFIs, to provide their Global Intermediary Identification Number (GIIN). In the event of a change in circumstances affecting their declared FATCA status, investors must, without delay, notify their financial intermediary, the Fund, its delegated entity or the distributor, in writing, by submitting updated forms;

### Addition (iii)

**Addition** under its reporting obligations, the Asset Manager and/or the Fund shall be required to report certain confidential information (including but not limited to the investor's name, address, tax identification number and, in some cases, certain information regarding the investment in the Fund), the self-certification, the Global Intermediary Identification Number (GIIN) or any other document received from (or concerning) the investors, and shall automatically exchange such information with the French tax authorities or any other competent authority in order to comply with FATCA, the Inter-Governmental Agreement ("IGA") or any other applicable

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

laws or regulations;

## Addition (iv)

Addition investors who fail to document their FATCA status properly or who refuse to report their FATCA status or the required information within the prescribed deadline may be regarded as “recalcitrant” and reported to the competent tax or government authorities by their financial intermediary, the Asset Manager and/or the Fund;

## Addition (v)

Addition to avoid the potential impact of the “Foreign Passthru Payment” mechanism, which may become applicable from 1 January 2017, the Fund, the Asset Manager or its delegated entity reserve the right to prohibit any subscription to the Fund, as from that date, by any Non-Participating Financial Institution (a financial institution non-compliant with FATCA), particularly if such a request is in the general interest of the Fund’s investors. Despite all best efforts to comply with the obligations under FATCA and to avoid any withholding tax, no guarantee may be given as to the non-application of such tax or the consequences of an investment in this Fund by a financial institution non-compliant with FATCA. Should the Fund become subject to withholding tax, the Fund’s results may be affected thereby. The amount of withholding tax could therefore be withheld or deducted from any redemption or payment to be made to investors who refuse to provide the Fund with the information requested or who are not compliant with FATCA.

## Regulatory information

### Selection procedure for brokers and counterparties

The Broker Selection Policy draws up and implements a policy which enables it to comply with the Fund's obligation under Art.314-75 (iv) while meeting the requirements set out in Art L.533-18 of the French CMF. For each class of instrument, the policy selects the organizations that will be commissioned to execute orders.

AMUNDI execution policy may be consulted on the AMUNDI website.

### Investment advice service

The Fund Manager has not prepared a "Report on Brokerage Expenses" since it has not used any investment advice services.

### Report on broking fees

A report on broking fees is available for bearers. It can be viewed at the following web address: [www.amundi.com](http://www.amundi.com).

### Remuneration Policy

#### Remuneration policy and practices of the AIFM/Management company

The remuneration policy implemented by Amundi Asset Management is compliant with the rules in terms of remuneration specified in the Directive 2011/61/UE of the European Parliament and of the Council of June 8<sup>th</sup> 2011 on Alternative Investment Fund Managers (the "*AIFM Directive*"), and in the Directive 2014/91/UE of July 23<sup>rd</sup> 2014 on undertakings for collective investment in transferable securities (the "*UCITS V Directive*"). These rules, about remuneration policies and practices, have for objective to promote sound and effective risk management of fund managers and the funds they manage.

Moreover, the remuneration policy is compliant with Regulation (EU) 2019/2088 ("SFDR"), integrating sustainability risk and ESG criteria in Amundi control framework, with responsibilities spread between the first level of controls performed by the Investment teams and second level of controls performed by the Risk teams, that can verify the compliance with ESG objectives and constraints of a fund at all time.

This policy is incorporated within the framework of the remuneration policy of Amundi reviewed each year by its Remuneration Committee. The latter checked the application of the remuneration policy in relation to the 2020 fiscal year, its compliance with the AIFM/UCITS Directives' principles and approved the policy applicable for the 2021 exercise at its meeting held on February 2<sup>nd</sup> 2021.

In 2021, the implementation of the Amundi remuneration policy was subject to an internal, central and independent audit, driven by the Amundi Internal Audit.

#### **1 Amounts of remuneration paid by the Management companies to its employees**

During fiscal year 2021, the total amount of compensation (including fixed, deferred and non-deferred variable compensation) paid by Amundi Asset Management to its employees (1 400 employees at December 31<sup>st</sup> 2021) is EUR 168 546 202. This amount is split as follows:

- The total amount of fixed remuneration paid by Amundi Asset Management in 2021: EUR 111 175 491, which represents 66% of the total amount of compensation paid by Amundi Asset Management to its staff, were in the form of fixed remuneration.

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

- The total amount of variable compensation deferred and non-deferred paid by Amundi Asset Management in 2021: EUR 57 370 712, which represents 34% of the total amount of compensation paid by Amundi Asset Management to its staff, were in this form. The entire staff is eligible for variable compensation.

Additionally, some 'carried interest' was paid by Amundi AM with respect to fiscal year 2021, and is taken into account in the total amount of bonus referred to here above.

Of the total amount of remuneration (fixed and variable compensation deferred and non-deferred) paid during the fiscal year, EUR 20 947 570 were paid to the 'executives and senior managers' of Amundi Asset Management (29 employees at December 31<sup>st</sup> 2021), and EUR 14 896 957 were paid to the 'senior investment managers' whose professional activities have a material impact on Amundi Asset Management's risk profile (40 employees at December 31<sup>st</sup> 2021).

## **2 Alignment of remuneration policy and practices with risk profile of the AIFs/UCITS**

The Amundi Group has adopted and implemented remuneration policy and practices compliant with the latest norms, rules, and guidelines issued from the regulatory authorities for its management companies (AIFM/UCITS).

The Amundi Group has also identified all of its 'Identified Staff', that include all the employees of the Amundi Group having a decision authority on the UCITS/AIFM management companies or the UCITS/AIFs managed and consequently likely to have a significant impact on the performance or the risk profile.

The variable remuneration awarded to the Amundi Group staff takes into account the performance of the employee, its business unit and the Amundi Group as a whole, and is based on financial and non-financial criteria as well as the respect of sound risk management rules.

The criteria taken into account for performance assessment and remuneration award depends on the nature of the employee's functions :

### **1. Management and selection of AIFs/UCITS functions**

#### *Common financial criteria:*

- Gross and net performance over 1, 3 and 5 years ;
- Information ratio and Sharpe ratio over 1, 3 and 5 years ;
- Performance fees collected during fiscal year when relevant ;
- Competitive ranking ;
- Contribution to net inflows/Successful requests for proposals, mandates during fiscal year.

#### *Common non-financial criteria:*

- Compliance with risk, ESG policy, compliance and legal rules
- Innovation / Product development;
- Sharing of best practices and collaboration between employees ;
- Commercial engagement ;
- Quality of management.

### **2. Sales and marketing functions**

#### *Common financial criteria:*

- Net inflows ;
- Revenues ;
- Gross inflows; client base development and retention; product mix;

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

## *Common non-financial criteria:*

- Joint consideration of Amundi's and clients' interests ;
- Clients satisfaction and quality of relationship ;
- Quality of management ;
- Securing/developing the business ;
- Cross-functional approach and sharing of best practices ;
- Entrepreneurial spirit.

## 3. Control and support functions

For control and support functions, performance assessment and remuneration award are independent from the performance of the business they oversee.

Common criteria taken into account are:

- Mainly criteria related to the meeting of objectives linked to their functions (risk management, quality of controls, completion of projects, tools and systems improvement etc.)
- When financial criteria are used, these are mainly related to management/ optimization of expenses.

The above-mentioned performance criteria, and specifically those applicable to Identified staff in charge of the management of AIFs/UCITS, comply with the applicable regulation as well as to the AIF's/UCITS investment policy. These internal rules of Amundi Group contribute to a sound and effective risk management.

Furthermore, Amundi Group has adopted and implemented, for its entire staff, measures aiming to align remuneration with long-term performance and risks in order to avoid conflicts of interest.

In this respect, notably:

- The deferral policy has been adapted to comply with the AIFM and UCITS V Directives' requirements.
- The deferred portion of variable compensation for identified staff members is awarded at 100% in instruments indexed on the performance of a representative basket of AIFs and/or UCITS funds.
- The actual payment of the deferred portion is linked to the financial situation of Amundi Group, to the continued employment within the group and to a sound and effective risk management over the vesting period.

## **Fund Compliance with criteria relating to environmental, social, and governance quality (ESG) objectives**

AMUNDI uses targeted exclusion rules as a basis of its fiduciary responsibility. They are applied in all active management strategies and consist in excluding companies that are not compliant with either our own ESG policies or the international agreements and internationally-recognised or national regulatory frameworks. These targeted exclusions are implemented subject to compliance with the applicable laws and regulations, unless otherwise stipulated in dedicated products or services contracts.

AMUNDI excludes the following activities:

All direct investment in companies involved in the production, sale, or storage of, or services for, anti-personnel mines or cluster bombs, pursuant to the Ottawa Treaty and the Oslo Convention on Cluster Munitions.

Companies that produce, store, or sell chemical, biological, and/or depleted-uranium weapons.

Companies that seriously and repeatedly violate one or more of the Ten Principles of the UN Global Compact without implementing credible corrective measures.

These issuers receive a "G" rating on the AMUNDI scale. In addition, AMUNDI implements specific sectoral exclusions targeting the coal and tobacco industries. These sectoral exclusions apply to all active management strategies that give AMUNDI full discretion over its portfolio management.

## **Coal Policy**

AMUNDI excludes:

- Companies developing or planning to develop new thermal coal capacity within the entire value chain (producers, extractors, power plants, transport infrastructure).

Companies whose income is over 25% the result of thermal coal mining.

- Companies that extract 100 MT or more thermal coal annually with no intention of reducing these quantities.
- All companies that derive over 50% of their total income before analysis from thermal coal mining and coal-fired power generation.

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

- All coal-fired power generation and coal mining companies with a threshold of 25% to 50% and a deteriorated energy transition score.

## **Application in passive management:**

### **• Passive ESG funds**

All ETF and ESG index funds (with the exception of highly-concentrated indices) implement AMUNDI's policy of excluding the coal sector wherever possible.

### **• Passive non-ESG funds**

In passive management, it is a fiduciary duty to replicate an index as faithfully as possible.

Limited flexibility is afforded to portfolio managers, which are required to meet contractual objectives to achieve passive management that is entirely in line with the requested benchmark index.

Consequently, AMUNDI's index funds and ETFs that replicate standard (non-ESG) benchmark indices cannot systematically apply sectoral exclusions.

At the same time, in the context of securities excluded from the "thermal coal policy" in AMUNDI's active investment universe but that may be present in non-ESG passive funds, AMUNDI has reinforced its voting and commitment activities, which may translate to a "nay" vote on the management of the companies in question.

## **Tobacco policy**

Since 2018, AMUNDI has limited its ESG ratings for tobacco companies to "E", on a scale of A to G (with G-rated companies excluded), in order to take account of concerns, not just around public health, but also the human rights violations, poverty, environmental consequences, and considerable economic cost associated with tobacco, evaluated at over \$1,000 billion per year worldwide, according to World Health Organisation estimates. The reason for this limit is to penalise investment in this type of company, which must be offset by investment in more virtuous companies. AMUNDI's policy applies to the entire tobacco sector, including suppliers, cigarette manufacturers, and distributors.

In May 2020, AMUNDI became a signatory to the Tobacco-Free Finance Pledge, thereby reinforcing its tobacco exclusion policy. AMUNDI implements the following rules:

- Exclusion rules: companies manufacturing finished tobacco products are excluded (application thresholds: income of over 5%).
- Limitation rules: Companies involved in the manufacture, supply, and distribution of tobacco are limited to an ESG rating of E (on a scale of A to G) (thresholds: income of over 10%).

Further information on how AMUNDI takes ESG criteria into account is available at <https://legroupe.amundi.com>

*\* Active management: excluding indexed funds and ETFs subject to constraints by their benchmark index.*

**Opinion**

In compliance with the assignment entrusted to us by the management company, we conducted an audit of the accompanying financial statements of AMUNDI ETF MSCI WORLD EX EMU UCITS ETF, a UCITS constituted as a *fonds commun de placement*, for the year ended 30 June 2022.

In our opinion, the financial statements give a true and fair view of the assets and liabilities and of the financial position of the fund at 30 June 2022 and of the results of its operations for the year then ended, in accordance with French accounting principles.

**Basis of our opinion**

***Audit standards***

We conducted our audit in accordance with professional standards applicable in France. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. Our responsibilities under these standards are described in the section "*Statutory Auditor's responsibilities for the audit of the financial statements*" in this report.

***Independence***

We conducted our audit engagement in compliance with independence requirements of the French Commercial Code (*code de commerce*) and the French Code of Ethics (*code de déontologie*) for statutory auditors, from 01/07/2021 and up to the date of this report, and in particular we did not provide any prohibited non-audit services referred to in Article 5(1) of Regulation (EU) No. 537/2014.

### Justification of our assessments - Key audit matters

In accordance with the requirements of articles L.823-9 and R.823-7 of the French Commercial Code relating to the justification of our assessments, we bring to your attention the key matters as regards to the risk of material misstatement that, in our professional judgement, were the most significant for the audit of the financial statements, as well as how we addressed those risks.

These assessments were made as part of our audit of the financial statements, taken as a whole, and therefore contributed to the opinion we formed which is expressed above. We do not provide an opinion on individual items in the financial statements.

<b>Key audit matters</b>	<b>Audit response to cover these risks</b>
<p>The main risks of the fund relate to the financial instruments in its portfolio.</p> <p>Any error in recording or valuing these financial instruments could lead to a misstatement in the calculation of the fund's net asset value and in the financial statements.</p> <p>We therefore focused our work on the existence and valuation of the financial instruments in the portfolio.</p> <p><b>Valuation of financial instruments traded on a regulated or equivalent market</b></p> <p>Valuation of the fund's financial instruments traded on a regulated or equivalent market is not complex as it is based primarily on listed prices provided by independent sources.</p> <p>However, the related amounts are significant and could lead to a material misstatement.</p> <p>The value of the financial instruments traded on a regulated or equivalent market is recorded in the balance sheet and presented in the detailed portfolio provided in the notes to the financial statements. ### Disclosures arising from other legal and regulatory requirements

#### *Appointment of the Statutory Auditors*

We were appointed as Statutory Auditor of AMUNDI ETF MSCI WORLD EX EMU UCITS ETF, a UCITS constituted as a *fonds commun de placement*, by the management company on 23 April 2009.

At 30 June 2022, our firm was in the thirteenth consecutive year of its engagement, i.e. the thirteenth year following the admission of the fund's securities for trading on a regulated market.

### Responsibilities of the management company for the financial statements

It is the management company's responsibility to prepare the fund's financial statements presenting a true and fair view in accordance with French accounting principles and to implement the internal control that it deems appropriate for the preparation of financial statements that do not contain material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the fund's ability to continue as a going concern, disclosing in the financial statements, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the fund or to cease operations.

It is the management company's responsibility to monitor the preparation of financial information and oversee the efficiency of the internal control and risk management system and the internal audit system relating to the preparation and processing of financial and accounting information.

These financial statements have been prepared by the management company.

### Statutory Auditor's responsibilities for the audit of the financial statements

#### *Audit purpose and approach*

It is our responsibility to prepare a report on the financial statements. Our objective is to obtain reasonable assurance about whether the financial statements, taken as a whole, are free of material misstatement. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with professional standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As indicated in article L.823-10-1 of the French Commercial Code, our statutory audit of the financial statements is not to guarantee the viability or the quality of your management.

## AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

As part of an audit conducted in accordance with professional standards applicable in France, the Statutory Auditor uses professional judgement throughout the entire audit.

He also:

- identifies and assesses the risks of material misstatement of the financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence that is sufficient and appropriate to provide a basis for his opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control;
- evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management in the financial statements;
- concludes on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the fund's ability to continue as a going concern. Such conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are not provided or inadequate, to issue a qualified opinion or a disclaimer of opinion;
- evaluates the overall presentation of the financial statements and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

## Notes to the annual accounts

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

## 1. Accounting rules and methods

The annual financial statements are presented in the format laid down by ANC (French accounting standards authority) Regulation 2014-01, as amended.

The following general accounting principles apply:

- the financial statements shall provide a true and fair view of the current financial position, they shall allow comparability, and observe the going concern principle,
- they shall be produced with consistency and honesty,
- they shall observe the principle of prudence, and
- there shall be consistency in accounting methods from one year to the next.

The accounting method used to record income from fixed income securities is the effective interest method.

Purchases and sales of securities are recognised excluding fees.

The portfolio's accounting currency is the euro.

The length of the financial year is 12 months.

### **Asset valuation rules**

Financial instruments are recognised using the historical cost method and recorded on the balance sheet at their present value, which is determined by taking the last known market value or, where no market exists, by any external means or using financial models.

Differences between the present values used to calculate net asset value and the historical cost of securities at the time they are added to the portfolio are recorded under "valuation differentials".

Any securities not denominated in the portfolio's accounting currency are measured in accordance with the principle described below, then translated into the portfolio's accounting currency at the exchange rate prevailing at the valuation date.

### ***Deposits:***

Deposits with a remaining term of three months or less are measured using the straight-line method.

### ***Equities, bonds and other securities traded on a regulated or similar market:***

To determine net asset value, equities and other securities traded on a regulated or similar market are measured on the basis of the last closing price.

Bonds and similar securities are valued at the closing price communicated by various financial service providers. Accrued interest on bonds and related securities is calculated up to and including the NAV date.

### ***Equities, bonds and other securities not traded on a regulated or similar market:***

Securities not traded in a regulated market are valued by the Fund Manager using methods based on net equity and yield, taking into account the prices retained in significant recent transactions.

### ***Negotiable debt securities:***

Negotiable debt securities and similar securities not subject to material transactions are assessed using an actuarial method, based on a benchmark interest rate as defined below, and adjusted upward when necessary to take account of the intrinsic features of the issuer:

- Negotiable Debt Securities with a maturity of up to 1 year: Interbank rate in euros (Euribor);
- Negotiable Debt Securities with a maturity of more than 1 year: The rate on coupon-bearing French government bonds (BTAN) and French OAT bonds with a similar maturity for longer periods.

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

Negotiable Debt Securities with a residual maturity of up to three months may be assessed using the straight-line method.

Treasury bills are valued at the market rate communicated daily by Banque de France or Treasury bond specialists.

## ***Mutual funds:***

Fund units or shares are valued at their last known net asset value.

## ***Securities financing transactions:***

Securities received under repurchase agreements are recorded as assets under "Receivables on securities received under a repurchase agreement" at the contract amount plus any accrued interest receivable.

Securities sold under repurchase agreements are booked to the buyer's portfolio at their current value. Liabilities on securities sold under repurchase agreements are booked to the seller's portfolio at the value specified in the contract, plus accrued interest payable.

Loaned securities are valued at their current value and recorded on the asset side of the balance sheet under the heading "Receivables representing loaned securities" at current value plus accrued interest receivable.

Borrowed securities are booked to assets under "Borrowed securities" at the amount provided for in the agreement, and to liabilities under "Payables representing borrowed securities" at the amount provided for in the agreement, plus accrued interest payable.

## ***Forward financial instruments :***

### ***Forward financial instruments traded on a regulated or similar market:***

Forward financial instruments traded on regulated markets are measured at the clearing price for the day.

### ***Forward financial instruments not traded on a regulated or similar market:***

## ***Swaps:***

Interest rate and / or currency swap contracts are valued at their market value based on the price calculated by discounting future interest flows at interest rates and / or market currencies. This price is corrected for the risk of signature.

Index swaps are assessed using an actuarial method based on a benchmark rate provided by the counterparty.

Other swaps are marked to market or measured at a value estimated according to the terms established by the asset manager.

# UCIT AMUNDI ETF MSCI WORLD EX EMU UCITS ETF

## **Off-balance sheet commitments:**

Forward contracts are marked to market as off-balance sheet liabilities at the price used in the portfolio.

Options are converted into their underlying equivalent.

Swap commitments are reported at their par value or, where no par value is available, at an equivalent amount.

## **Management fees**

Management and operating fees cover all of the fees relating to the Fund: financial management, administrative, accounting, custody, distribution, and auditing fees.

These fees are charged to the Fund's income statement.

Management fees do not include transaction fees. For more details about the fees charged to the Fund, please refer to the Fund Rules.

They are recorded on a pro rata basis each time the NAV is calculated.

The total amount of these fees complies with the maximum fee rate based on net assets, as indicated in the Fund Rules:

FR0010756114 - AMUNDI ETF MSCI WORLD EX EMU UCITS ETF: Maximum fee rate 0.35% incl. tax.

## **Allocation of distributable amounts**

### **Definition of distributable sums**

Distributable sums consist of:

### **Income:**

Net income is equal to the amount of interest, arrears, premiums and bonuses, dividends, directors' attendance fees and all other income from the securities comprising the portfolio, plus income from temporary cash holdings, minus management fees and borrowing costs.

To it is added retained earnings, plus or minus the balance of the income adjustment account.

### **Capital gains and losses:**

Realised capital gains, net of costs, less realised capital losses, net of costs, recorded during the financial year, plus net capital gains of the same nature recorded in previous financial years that were not distributed or capitalised, plus or minus the balance of the capital gains adjustment account.

## **Methods for allocating distributable amounts:**
