FUND OVERVIEW

The fund aims to achieve a return on investment, through capital and income returns on its assets, which reflects the return of the S&P 500 Equal Weight Index.

KEY BENEFITS

1. Provides exposure to 500 stocks from top US companies in leading industries of the US economy [UP2]
2. The Index measures the performance of securities within the S&P 500 Index (Parent Index) with each security being equally weighted within the Index at the rebalance date
3. Exposure to companies in the S&P 500 with a greater weighting in the smaller market capitalization companies

The figures shown relate to past performance. **Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future. It can help you to assess how the fund has been managed in the past** Performance is shown on a Net Asset Value (NAV) basis, with gross income reinvested where applicable. Performance data is based on the net asset value (NAV) of the ETF which may not be the same as the market price of the ETF. Individual shareholders may realize returns that are different to the NAV performance. The return of your investment may increase or decrease as a result of currency fluctuations if your investment is made in a currency other than that used in the past performance calculation.
