What is this product?

Type Shares of a sub-fund of Janus Henderson ICAV, an Irish Collective Asset-management Vehicle, composed of sub-funds qualifying as UCITS and organized under the laws of the Republic of Ireland.

Objectives

Objective: The Sub-Fund aims to provide a steady income stream with capital preservation across various market cycles by investing in an actively managed portfolio of primarily short duration fixed income instruments. Investment Approach: Under normal circumstances, the Sub-Fund will invest at least 80% of its net assets in a global portfolio of short duration fixed income instruments.The Sub-Fund primarily invests in investment grade debt securities, rated Baa3 or higher or, if unrated, determined by the Sub-Investment Manager to be of comparable quality.Such investments may be across multiple sectors including (but not limited to) certificates of deposit, treasury bills, government & government-related bonds (both fixed and floating rate), commercial paper, corporate bonds (both fixed and floating rate) and, to the extent set out below, ABS/MBS, with a focus on developed markets.The securities in which the Sub-Fund primarily invests have an expected maturity / weighted average life of less than five years.The Bloomberg Barclays Euro Treasury 0-3 Months Bond Index is used for performance comparison purposes only in the Sub-Fund's marketing materials, as applicable.The Sub-Fund is actively managed and does not seek to replicate the composition or performance of the Index Benchmark.The Sub-Fund may invest in both agency and non-agency MBS, subject to the limits included in the supplement.The Sub-Fund may invest a maximum of 15% in debt securities that are rated below investment grade, but it will not invest in securities rated below B3. The Sub-Fund may invest a maximum of 15% of its net assets in emerging markets. The Sub-Fund will normally limit its unhedged non-Base Currency exposure to 15% of its total assets.The Sub-Fund may invest up to 10% of its net asset value in the other Eligible Collective Investment Schemes , included those managed by the Sub-Investment Manager.The Sub-Fund may temporarily invest outside of these guidelines while dealing with subscriptions, redemptions, for liquidity management or for defensive purposes, including navigating unusual market conditions.The Sub-Fund may employ investment techniques and instruments (trading in futures, options, swaps, swaptions, CDS (both single name and indices) and forward currency exchange contracts) for efficient portfolio management or for investment purposes to gain or hedge exposure to the investments contemplated in these investment policies.The market risk of the Sub-Fund will be measured using the VaR methodology.Please refer to the annex to this Supplement for the pre-contractual disclosures for financial products referred to in Article 8 of SFDR.

Term

This investment has no maturity date. The Manufacturer has the right to terminate the product in a limited number of circumstances, as set out in the Prospectus.

Redemption and Dealing Shares: You can purchase or sell units in the Sub-Fund on any business day as further specified in the Supplement.

Distribution Policy: The Sub-Fund can launch both accumulating and distributing share classes. Please refer to www.janushenderson.com and search "dividend calendar" for further information.

Intended Retail Investor

Intended Retail Investor: The Fund is intended for well-informed investors aiming to invest over the long term, who are able to make an informed investment decision based on this document and the Prospectus, have a risk appetite consistent with the risk indicator below and understand that there is no capital guarantee protection (100% of capital is at risk). The Fund is not intended for Basic Investors as defined under the MIFID 2 regulations

What are the risks and what could I get in return?

Lower risk **Higher risk**

Typically Lower Rewards Typically Higher Rewards

The risk indicator assumes you keep the product for 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less. You may not be able to sell your product easily or you may have to sell at a price that significantly impacts on how much you get back. Be aware of currency risk. In some circumstances, you may receive payments in a different currency, so the final return you will get may depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

The Sub-Fund has been rated as a 1 due to the nature of its investments and frequency of price movements which includes the following. This rates the potential losses from future performance at a medium level and poor market conditions could impact the capacity of the Sub-Fund to pay you.

No capital protection: The value of your investment may go down as well as up and you may not get back the amount you invested.

Details of all relevant risks can be found in the prospectus and supplement, available at www.janushenderson.com.

Performance Scenarios

The figures shown include all the costs of the product itself (the ongoing costs of the representative share class) but may not include all the costs that you pay to your advisor or distributor / and includes the costs of your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the Fund over the last 5 years.The stress scenario shows what you might get back in extreme market circumstances.

What happens if Waystone Management Company (IE) Limited is unable to pay out?

The assets of the Fund are segregated from those of Waystone Management Company (IE) Limited. In addition, HSBC Continental Europe, Dublin Branch, as the depositary of Janus Henderson ICAV funds (the "Depositary"), is responsible for the safekeeping of the assets of the Fund. To that effect, if Waystone Management Company (IE) Limited defaults, there will be no direct financial impact on the Fund. In addition, the Fund's assets shall be segregated from the Depositary's assets, which limits the risk for the Fund suffering some loss in case of default of the Depositary. As a unitholder in the Fund, there is no compensation or guarantee scheme in place.

What are the costs?

The person selling to you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs and show you the impact that all costs will have on your investment over time. The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

Investment: 10000 €	If you cash in after 1 year	If you cash in at the end of the 5 years
Total costs	31.87 €	159.04 €
Annual cost impact (*)	0.319%	0.320%

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your median return per year before cost (the ongoing cost of the representative share class) is projected to be 0.36% and your median return per year after costs is projected to be 0.04%.

Composition of costs

The table below shows the impact each year of the different types of costs on the investment return you might get at the end of the recommended holding period and the meaning of the different cost categories. Note that there is no performance fee.

Impact on return per year			
One-off costs	Entry costs	0.00%	The costs you pay when entering your investment
	Exit costs	0.00%	
Other ongoing costs	Portfolio transaction	0.070%	The cost of buying and selling the underlying investment for the product
	Other ongoing costs	0.25%	The costs that we take each year for managing your investment
Incidental costs	Performance fees		

Transaction Cost: This is an estimate of the costs incurred when we buy and sell the underlying investments of the product. The actual amount will vary depending on how much we buy and sell

Other Ongoing Costs: this is the total expense ratio. I.e. The total of management fees and other administrative or operating costs

Entry / Exit Cost: We do not charge secondary market investors an entry or exit fee for this product, but the person selling you the product may do so. The information can be obtained from your brokers. The Authorised Participants dealing in the primary market pay for the subscription and redemption charges.

A fees contribution from the total return swap counterparties may be requested to contribute to the payment of the Fund's ongoing costs. Details of the contributions will be available on the website, www.janushenderson.com

How long should I hold it and can I take money out early?

The funds are designed to be held over the long term and we recommend you hold this investment for at least 5 years.
You can request to take some or all your money out at any time, you can typically require to buy or sell shares in the sub fund on any business day (set out in the fund supplement)
If you sell your shares at an earlier stage this will increase the risk of lower investment returns or losses.

How can I complain?

If you wish to make a complaint about the Fund, the Issuer or any person advising or selling the fund, you should write to; Tabula Investment management, 201 Bishopsgate, London EC2M 3AB. Alternatively, you can email etfs@janushenderson.com or via our website https://www.janushenderson.com.
