**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**Directors' Report**

The Board of Directors (the “Directors”) present their Annual Report together with the audited financial statements of the HANetf ICAV (the “ICAV”) for the year ended 31 March 2023.

**Structure of the Entity**

The Fund is a variable capital investment company, organised as an Irish Collective Asset-Management Vehicle (“ICAV”) under the laws of the Republic of Ireland. The Manager has appointed BNY Mellon Fund Services (Ireland) Designated Activity Company (the “Administrator”) as the administrator. The ICAV has appointed The Bank of New York Mellon SA/NV, Dublin Branch (the “Depository”) to act as depository of the ICAV’s assets.

The Fund is organised as an “umbrella” with a number of Sub-Funds each of which has its own investment objective, policies and restrictions.

The Fund was authorised as an ICAV by the Central Bank of Ireland on 31 August 2018.

As at 31 March 2023, the Fund has 24 active Sub-Funds of which 16 are available in Switzerland. The Sub-Funds are registered for sale at the following venues as outlined below;

**Statement of Directors' Responsibilities**

The Directors are responsible for preparing the Directors' Report and financial statements, in accordance with applicable law and regulations.

The Irish Collective Asset-Management Vehicles Act 2019 (the "ICAV Act") Section 116 requires the Directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the EU and applicable law.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**Directors' Report (continued)**

**Statement of Directors' Responsibilities (continued)**

Under the ICAV Act the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the ICAV and of its changes in net assets attributable to holders of redeemable participating shares for that financial year. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with IFRS and ensure that they contain the additional information required by the ICAV Act; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the ICAV will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

So far as each person who is a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made inquiries of fellow directors and the ICAV's auditor, each director has taken all the steps that he/she is obliged to take as a director in order to make himself/herself aware of any relevant audit information and to establish that the auditor is aware of the information.

The Directors are also responsible for safeguarding the assets of the ICAV and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Under the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, as amended (the "UCITS Regulations"), the Central Bank (Supervision and Enforcement Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019, as amended (the "Central Bank UCITS Regulations"), the Directors are required to entrust the assets of the ICAV to the Depositary for safekeeping. In carrying out this duty, the Directors have delegated custody of the ICAV's assets to The Bank of New York Mellon SA/NV, Dublin Branch as Depositary to the ICAV. They have general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities. The Directors are also responsible for preparing a Directors' Report that complies with the requirements of the ICAV Act.

**Adequate Accounting Records**

The Directors believe that they have complied with the ICAV Act with regard to accounting records by the engagement of the services of an Administrator, who employs personnel with appropriate expertise and adequate resources to provide the ICAV's finance function.

The measures taken by the Directors to secure compliance with the ICAV's obligations to keep adequate accounting records include the use of appropriate systems and procedures and the employment of competent persons. The accounting records are retained at the office of the Administrator at One Dockland Central, Guild Street, International Financial Services Centre, Dublin 1, Ireland.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**Directors' Report (continued)**

**Corporate Governance Statement**

The ICAV is subject to corporate governance practices imposed by:

- (i) The ICAV Act, which is available for inspection at the registered office of the ICAV, and may also be obtained at <http://www.irishstatutebook.ie>;
- (ii) The Instrument of Incorporation of the ICAV which is available for inspection at the registered office of the ICAV at Iveagh Court, 2<sup>nd</sup> Floor, Block E, Harcourt Rd, Dublin, Ireland; and
- (iii) The Central Bank of Ireland (“CBI”) in their UCITS Regulations which can be obtained from the CBI website at [www.centralbank.ie](http://www.centralbank.ie) and are available for inspection at the registered office of the ICAV.

From the establishment of the ICAV the Directors voluntarily adopted and applied the Irish Funds Corporate Governance Code (the “IF Code”) for Irish Domiciled Collective Investment Schemes issued in December 2011. The IF Code reflects existing corporate governance practices imposed on Irish authorised collective investment schemes and is available on request from the ICAV Secretary.

**Diversity**

The Directors consider that diversity in its membership is beneficial and therefore seeks to ensure that the Board of Directors' size, structure and composition, including skills, knowledge and diversity is sufficient for the effective oversight and control of the ICAV. However, as the Board of Directors are committed to appointing the most appropriate candidates as Directors of the ICAV, it has not set any measurable objectives in respect of this policy.

**Composition and Operation of the Board of Directors**

Unless otherwise determined by an ordinary resolution of the ICAV in general meeting and in accordance with Section 56 of the ICAV Act, the number of Directors may not be less than three. Currently the Board of Directors of the ICAV is composed of four Directors.

The business of the ICAV is managed by the Directors, who exercise all such powers of the ICAV which are not required by the ICAV Act or by the Instrument of Incorporation of the ICAV to be exercised by the ICAV in a general meeting. The Directors meet on a quarterly basis or more frequently, if required.

A Director may, and the Secretary of the ICAV on the requisition of a Director will, at any time summon a meeting of the Directors. Decisions arising at any meeting of the Directors are determined by a majority of votes. In the case of an equality of votes, the Chairman has a second or casting vote. The quorum necessary for the transaction of business at a meeting of the Directors is two.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**Directors' Report (continued)**

**Directors and Secretary**

The Directors as at 31 March 2023 are listed in Directors and Other Information on page 2. Goodbody Secretarial Limited held the office of ICAV Secretary (the "Secretary") until 31 December 2022, Carne Global Financial Services Limited took over the office of the Secretary from 1 January 2023 for the remainder of the period.

**Directors' Remuneration**

The Board of Directors as a whole reviews Directors' remuneration. The Directors' policy is that the remuneration of non-executive and independent non-executive Directors should be fair and reasonable in relation to the time commitment and responsibilities of the Directors. Directors' fees are paid by the ICAV.

**Directors' and Secretary's Interests in Shares and Contracts**

None of the Directors, the Secretary, and their families had an interest in the shares of the ICAV at 31 March 2023. Other than as disclosed in Note 8 to the Financial Statements, none of the Directors had a material interest in any contract or agreement of significance, as defined in the ICAV Act, during or at the end of the year in relation to the business of the ICAV.

**Employees**

The governance framework of the ICAV reflects the fact that it has no employees or subsidiary companies and outsources investment management, distribution and administration.

**Transactions with Connected Persons**

Regulation 43 of the Central Bank UCITS Regulations "Restrictions of transactions with connected persons" states that "A responsible person shall ensure that any transaction between a UCITS and a connected person is conducted a) at arm's length; and b) in the best interest of the shareholders of the UCITS".

As required under Central Bank UCITS Regulation 81.4, the Manager, as the responsible person is satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by Regulation 43(1) are applied to all transactions with a connected person; and all transactions with connected persons that were entered into during the period to which the report relates complied with the obligations that are prescribed by Regulation 43(1).

**Principal Activities: Review of the Business and Future Developments**

The ICAV is an open-ended Irish collective asset-management vehicle with segregated liability between Sub-Funds established under the laws of Ireland pursuant to the ICAV Act, the UCITS Regulations and the Central Bank UCITS Regulations. The ICAV was established on 19 February 2018 and authorised by the Central Bank of Ireland on 31 August 2018.

---

**Principal Activities: Review of the Business and Future Developments (continued)**

The Investment Managers Reports contain a review of the factors which contributed to the performance for the Funds during the following periods outlined below;

<b>Fund</b>	<b>Reporting Period</b>
AuAg ESG Gold Mining UCITS ETF	1 April 2022 to 31 March 2023
Digital Infrastructure and Connectivity UCITS ETF	1 April 2022 to 31 March 2023
EMQQ Emerging Markets Internet & Ecommerce UCITS ETF	1 April 2022 to 31 March 2023
ETC Group Digital Assets & Blockchain Equity UCITS ETF	1 April 2022 to 31 March 2023
FMQQ Next Frontier Internet & Ecommerce ESG-S UCITS ETF	1 April 2022 to 31 March 2023
Global Online Retail UCITS ETF	1 April 2022 to 31 March 2023
HAN-GINS Cloud Technology Equal Weight UCITS ETF	1 April 2022 to 31 March 2023
HAN-GINS Indxx Healthcare Megatrend Equal Weight UCITS ETF	1 April 2022 to 31 March 2023
HAN-GINS Tech Megatrend Equal Weight UCITS ETF	1 April 2022 to 31 March 2023
iClima Global Decarbonisation Enablers UCITS ETF	1 April 2022 to 31 March 2023
Procure Space UCITS ETF	1 April 2022 to 31 March 2023
Saturna Al-Kawthar Global Focused Equity UCITS ETF	1 April 2022 to 31 March 2023
Solar Energy UCITS ETF	1 April 2022 to 31 March 2023
The Medical Cannabis and Wellness UCITS ETF	1 April 2022 to 31 March 2023
The Travel UCITS ETF	1 April 2022 to 31 March 2023
U.S. Global Jets UCITS ETF	1 April 2022 to 31 March 2023

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**Directors' Report (continued)**

**Principal Risks and Uncertainties**

The main risks arising from the ICAV's financial instruments are Market risk (including price risk, foreign currency risk and interest rate risk), credit risk, liquidity risk, capital risk, inflation risk and climate risk which are outlined in Note 3 to these financial statements. Risk information is outlined in the Prospectus.

**The Sustainable Finance Disclosure Regulation ("SFDR") and Taxonomy Regulation**

The SFDR and Taxonomy Regulation disclosures relating to the environmental or social characteristics of the ICAV can be found in the Appendix III section of the Financial Statements.

**Independent Auditor**

Ernst & Young, Chartered Accountants and Statutory Audit Firm, have been appointed as auditors in accordance with Section 125(2) of the ICAV Act.

**Results and Distributions**

The results for the year are set out in the Statement of Comprehensive Income. Where any Distributing Shares are issued, the Directors may declare dividends annually on or about December in each year to the Shareholders of such Shares out of the profits of the Sub-Fund attributable to the Distributing Shares.

No distributions were declared for the year ended 31 March 2023 and no distributions were declared for the year ended 31 March 2022.

**Significant Events during the year**

The invasion of Ukraine by Russia in February 2022 has created extensive uncertainty on the political and economic front. A direct consequence of this was felt through inflation spikes and further tightening of US, European and UK interest rates, with the former easing in late 2022 and into the following year. The geopolitical conflict has quickened the western world's transition away from Russian energy sources to alternative sources. Longer-term there is a larger realignment within economies, markets, industries and individual issuers and more focus on matters of defence / energy dependence.

**Significant Events during the year (continued)**

**16 January 2023**

Airlines, Hotels and Cruise Lines UCITS ETF changed its name to The Travel UCITS ETF and also changed its index to Solactive Travel Index.

An updated Prospectus was issued on 27 May 2022. Updates to the prospectus included disclosure updates related to Sustainability disclosures under SFDR.

On 1 January 2023, Carne Global Financial Services Limited replaced Goodbody Secretarial Limited as the Secretary of the ICAV and Secretary of the Manager.

On 13 March 2023, Signature Bank went into liquidation, as a result of the liquidation the remaining shareholdings in the ICAV were sold resulting in the following realised loss:

<b>Sub-Fund</b>	<b>Realised Loss</b>
ETC Group Digital Assets and Blockchain Equity UCITS ETF	(129,218)

There have been no other significant events during the period which require a disclosure in the financial statements.

**Subsequent Events after the year end**

Global Online Retail UCITS ETF terminated on 8 May 2023.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**Directors' Report (continued)**

**Subsequent Events after the year end (continued)**

An updated Prospectus was issued on 12 June 2023. Updates to the prospectus included the change in Administrator of the Fund from BNY Mellon Fund Services (Ireland) Designated Activity Company to J.P. Morgan Administration Services (Ireland) Limited and the change in Depository from The Bank of New York Mellon SA/NV, Dublin Branch to J.P. Morgan SE – Dublin Branch.

The following table shows the values of amounts issued and redeemed for redeemable participating shares from 1 April 2023 to 20 July 2023.

<b>Sub-Fund</b>	<b>Amounts received on issue of redeemable participating shares USD</b>	<b>Amounts paid on redemption of redeemable participating shares USD</b>

**REPORT FROM THE DEPOSITARY TO THE SHAREHOLDERS**

For the period from 1 April 2022 to 31 March 2023 (the “**Period**”).

The Bank of New York Mellon SA/NV, Dublin Branch (the “**Depositary**” “**us**”, “**we**”, or “**our**”), has enquired into the conduct of HANetf ICAV (the “**ICAV**”) for the Period, 31 March 2023, in its capacity as Depositary to the ICAV.

This report including the opinion has been prepared for and solely for the Shareholders in the ICAV, in accordance with our role as Depositary to the ICAV and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

**Responsibilities of the Depositary**

Our duties and responsibilities are outlined in Regulation 34 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (S.I. No 352 of 2011), as amended (the “**Regulations**”).

Our report shall state whether, in our opinion, the ICAV has been managed in that period in accordance with the provisions of the ICAV’s constitutional documentation and the Regulations. It is the overall responsibility of the ICAV to comply with these provisions. If the ICAV has not been so managed, we as Depositary must state in what respects it has not been so managed and the steps which we have taken in respect thereof.

**Basis of Depositary Opinion**

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties and to ensure that, in all material respects, the ICAV has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of its constitutional documentation and the appropriate regulations and (ii) otherwise in accordance with the ICAV’s constitutional documentation and the appropriate regulations.

**Opinion**

In our opinion, the ICAV has been managed during the Period, in all material respects:

(i) in accordance with the limitations imposed on the investment and borrowing powers of the ICAV by the constitutional documentation and by the Regulations; and

(ii) otherwise in accordance with the provisions of the constitutional documentation and the Regulations.

## Investment Manager's Report

### Tracking Difference

Tracking difference is defined as the difference in returns between a fund and its benchmark index. The investment management approach is the full physical replication: the investment manager buys a portfolio of securities that as far as practicable consists of the securities of the benchmark index, in similar proportion to the weights represented in the tracked index. Where a fund is actively managed, or in other words, not passively tracking an index, the funds performance will be measured against a relevant and suitable benchmark as determined by the Investment Manager.

The tracking difference is generally explained by the fund's total expense ratio (TER), the transaction costs from rebalancing and cash management, the withholding tax rates on international dividends received, as well as other day-to-day portfolio management friction costs (e.g., individual securities round lots, timing of the FX trades, etc.). The table below compares the Sub-Funds' performance against the performance of the relevant benchmark index during the 12-month period ended 31 March 2023. An explanation for the difference gross of the TER is provided.

### Tracking Error

The tracking error for each Sub-Fund represents the annualized volatility of the daily differences between the returns of the Sub-Fund and the returns of its benchmark index for the 12-month period ended 31 March 2023. The table below shows the tracking error for the above mentioned period.

Sub-Fund	Investment Manager	Sub-Fund return for the year ended 31/03/2023	Benchmark return for the year ended 31/03/2023	Tracking difference of TER	TER (pro rata since inception)	Tracking difference gross of TER	Explanation of the tracking difference	Actual tracking error	Explanation of the tracking error

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HANETF ICAV**

### ***Report on the audit of the financial statements***

#### **Opinion**

We have audited the financial statements of HANetf ICAV (“the ICAV”) for the financial year ending 31 March 2023, which comprise the financial statements of AuAg ESG Gold Mining UCITS ETF, Digital Infrastructure and Connectivity UCITS ETF, EMQQ Emerging Markets Internet & Ecommerce UCITS ETF, ETC Group Digital Assets and Blockchain Equity UCITS ETF, FMQQ Next Frontier Internet & Ecommerce ESG-S UCITS ETF, Global Online Retail UCITS ETF, HAN-GINS Cloud Technology Equal Weight UCITS ETF, HAN-GINS Indxx Healthcare Megatrend Equal Weight UCITS ETF, HAN-GINS Tech Megatrend Equal Weight UCITS ETF, iClima Global Decarbonisation Enablers UCITS ETF, Procure Space UCITS ETF, Saturna Al-Kawthar Global Focused Equity UCITS ETF, Solar Energy UCIT ETF, The Medical Cannabis and Wellness UCIT ETF, The Travel UCITS ETF and U.S. Global Jets UCITS ETF (each individually a “Fund” and collectively the “Funds”).

The financial statements of the Funds comprise of the Statement of Comprehensive Income, Statement of Financial Position, Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares, Statement of Cash Flows and notes to the financial statements, including the summary of significant accounting policies set out in note 2. The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards (IFRS) as adopted by the European Union.

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Funds as at 31 March 2023 and of their profit/loss for the year then ended;
- have been properly prepared in accordance with IFRS as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Irish Collective Asset-management Vehicles Act 2015, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the ICAV in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard as applied to public interest entities issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HANETF ICAV (CONTINUED)**

### **Conclusions relating to going concern**

In auditing the financial statements of the Funds, other than the Funds noted in the preceding paragraph, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the directors' assessment of each Fund's ability to continue to adopt the going concern basis of accounting included:

- Confirming our understanding of management's Going Concern assessment process and also engaged with management early to understand all of the key factors, which were considered in their assessment;
- Obtaining management's going concern assessment, which covers a year from the date of approval of the financial statements;
- Reviewing and evaluating the reasonability of the key factors considered by management in making their assessment of going concern including consideration of the availability of liquid assets to meet ongoing operational costs and known future capital activity in the Funds. In assessing these, we obtained and reviewed the liquidity terms which the Funds offer to investors together with reviewing post year-end capital activity and corroborated through enquiry of management as to whether there are any subsequent events, including fund performance, that might give rise to conditions which could lead management to discontinue the operations of the Funds.
- Reviewing the Funds' going concern disclosures included in the annual report in order to assess that the disclosures were appropriate and in conformity with the reporting standards.

### **Conclusion**

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on each Fund's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to each Fund's ability to continue as a going concern.

### **Key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) that we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the

**INDEPENDENT AUDITOR’S REPORT TO THE MEMBERS OF HANETF ICAV (CONTINUED)**

efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<b>Risk</b>	<b>Our response to the risk</b>	<b>Key observations communicated to the Board of Directors</b>
<p><b>Valuation of financial assets and financial liabilities at fair value through profit or loss</b></p> <p>We have considered valuation of financial assets at fair value through profit or loss (with a combined fair value of USD 608,223,602 (2022: USD 637,274,759)) and financial liabilities at fair value through profit or loss (with a combined fair value of (USD 431,258) (2022: (USD 421,320))) as a key audit matter as it is a key driver of the Funds’ performance and net asset value.</p> <p>Please refer to Note 3 (c) - Financial assets at fair value through profit or loss, Note 5 – Net gain / (loss) on investment activities and Note 3 – Fair Value disclosures in the financial statements. Please refer to Note 18 – Exchange Rates for exchange rates of non-Euro denominated currencies as at year-end used in the calculation of the combined value above.</p>	<p>We obtained the listing of financial assets and financial liabilities at fair value through profit or loss as at 31 March 2023 from the Administrator.</p> <p>We assessed the reasonableness of the valuation for all financial assets and financial liabilities at fair value through profit or loss by:</p> <ul style="list-style-type: none"> <li>• obtaining an understanding and evaluating the key controls that have been implemented over the valuation process for financial assets and financial liabilities at fair value through profit or loss. This includes obtaining the service auditor’s report of the Administrator and identifying the key controls in place at the Administrator over the investment valuation process;</li> <li>• comparing values to quoted prices or vendor prices; or</li> <li>• recalculating fair value using industry standard models, assessing the reasonableness of the assumptions and data inputs used by the Directors to value these financial assets and financial liabilities at fair value through profit or loss.</li> </ul>	<p>No issues have been noted from the performance of our procedures over this key audit matter.</p>

This includes obtaining the service auditor’s report of the Administrator and identifying the key controls in place at the Administrator over the investment reconciliation process</li> <li>obtaining independent confirmations directly from the counterparty of each of the financial assets and financial liabilities at fair value through profit or loss held at year-end held outside of the custody network and investigating any material differences identified.</li> </ul>	<p>No issues have been noted from the performance of our procedures over this key audit matter.</p>

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HANETF ICAV (CONTINUED)**

### **Our application of materiality**

We apply the concept of materiality in planning and performing the audit, in evaluating the effect of identified misstatements on the audit and in forming our audit opinion.

### **Materiality**

The magnitude of an omission or misstatement that, individually or in the aggregate, could reasonably be expected to influence the economic decisions of the users of the financial statements. Materiality provides a basis for determining the nature and extent of our audit procedures.

We determined materiality for the ICAV to be 0.5% of each Fund's Net Asset Value (2022:0.5%). We believe that Net Asset Value provides us with appropriate measurement basis since the users of the financial statements may focus more on this than on earnings.

During the course of audit, we reassessed initial materiality and made no changes to it.

### **Performance materiality**

The application of materiality at the individual account or balance level. It is set at an amount to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements exceeds materiality.

On the basis of our risk assessments, together with our assessment of the ICAV's overall control environment, our judgement was that performance materiality was 75% (2022: 50%) of our planning materiality. We have set performance materiality at this percentage due to our knowledge of the Funds and their industry, our past history with the entity, the effectiveness of its control environment and our assessment of the risks associated with the engagement.

### **Reporting threshold**

An amount below which identified misstatements are considered as being clearly trivial.

We agreed with the Board of Directors that we would report to them all uncorrected audit differences in excess of 5% (2022: 5%) of our defined materiality, as well as differences below that threshold that, in our view, warranted reporting on qualitative grounds.

We evaluate any uncorrected misstatements against both the quantitative measures of materiality discussed above and in light of other relevant qualitative considerations in forming our opinion.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HANETF ICAV (CONTINUED)**

### **An overview of the scope of our audit report**

#### ***Tailoring the scope***

Our assessment of audit risk, our evaluation of materiality and our allocation of performance materiality determine our audit scope for the ICAV. This enables us to form an opinion on the financial statements. We take into account size, risk profile, the organisation of the ICAV and effectiveness of controls, including controls and changes in the business environment when assessing the level of work to be performed. All audit work was performed directly by the audit engagement team.

#### ***Other information***

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### ***Respective responsibilities***

##### ***Responsibilities of directors for the financial statements***

As explained more fully in the directors' responsibilities statement set out on page 5 and 6, the directors are responsible for the preparation of the financial statements in accordance with the applicable financial reporting framework that give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing each Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate a Fund or to cease operations, or has no realistic alternative but to do so.

##### ***Auditor's responsibilities for the audit of the financial statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HANETF ICAV (CONTINUED)

### ***Explanation to what extent the audit was considered capable of detecting irregularities, including fraud***

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud that could reasonably be expected to have a material effect on the financial statements. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. In addition, the further removed any non-compliance is from the events and transactions reflected in the financial statements, the less likely it is that our procedures will identify such non-compliance. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the company and management.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the ICAV and determined that the most significant are the Irish Collective Asset-management Vehicles Act 2015, the Undertaking for Collective Investment in Transferable Securities pursuant to the provisions of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 and the Central Bank (Supervision And Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.
- We understood how HANETF ICAV is complying with those frameworks by updating our understanding of the adequate system of internal control in place. We also considered the existence of independent service providers, proper segregation of duties and the regulated environment in which the Funds operate, which may reduce opportunities for fraud to take place.
- We assessed the susceptibility of the ICAV's financial statements to material misstatement, including how fraud might occur by management override of controls.
- Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved inquiries to those charged with governance into possible instances of non-compliance with laws and regulations, review of board meeting minutes during the year and obtaining representation from the management.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: [http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description\\_of\\_auditors\\_responsibilities\\_for\\_audit.pdf](http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description_of_auditors_responsibilities_for_audit.pdf).

This description forms part of our auditor's report.

**INDEPENDENT AUDITOR’S REPORT TO THE MEMBERS OF HANETF ICAV (CONTINUED)**

**Other matters which we are required to address**

We were appointed by Board of Directors on 1 August 2018 to audit the financial statements for the year ending 31 March 2019 and subsequent financial periods. The period of total uninterrupted engagement including previous renewals and reappointments of the firm is 5 years.

The non-audit services prohibited by IAASA’s Ethical Standard were not provided to the ICAV and we remain independent of the ICAV in conducting our audit. Our audit opinion is consistent with the additional report to the Board of Directors.

**The purpose of our audit work and to whom we owe our responsibilities**

Our report is made solely to the ICAV’s members, as a body, in accordance with section 120 of the Irish Collective Asset Management Vehicles Act 2015. Our audit work has been undertaken so that we might state to the ICAV’s members those matters we are required to state to them in an auditor’s report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the ICAV and the ICAV’s members, as a body, for our audit work, for this report, or for the opinions we have formed.

**Notes to the Financial Statements**

**1. Organisation**

HANetf ICAV (the “ICAV”) is an Irish collective asset-management vehicle established under the laws of Ireland pursuant to the Irish Collective Asset-Management Vehicles Act 2019 (the “ICAV Act”), the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, as amended (the “UCITS Regulations”) and the Central Bank (Supervision and Enforcement Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) (Amendment) Regulations 2019 (the “Central Bank UCITS Regulations”). The ICAV was established on 19 February 2018 and approved by the Central Bank on 31 August 2018. The ICAV is registered at Iveagh Court, 2<sup>nd</sup> Floor, Block E, Harcourt Rd, Dublin, Ireland.

The ICAV is structured as an umbrella fund with segregated liability between Sub-Funds. The Directors may from time to time, with the prior approval of the Central Bank, create different series of Shares effected in accordance with the requirements of the Central Bank representing separate portfolios of assets, each such series comprising a Sub-Fund. Within each Sub-Fund, the Directors may from time to time create different Share Classes in accordance with the requirements of the Central Bank. Each Sub-Fund will bear its own liabilities and, under Irish law, any of the service providers appointed to the ICAV, the Directors, any receiver, examiner or liquidator, nor any other person will not have access to the assets of a Sub-Fund in satisfaction of a liability of any other Sub-Fund.

As at 31 March 2023 the ICAV consisted of 24 Sub-Funds of which 16 are available in Switzerland:

EMQQ Emerging Markets Internet & Ecommerce UCITS ETF, launched on 2 October 2018,  
HAN-GINS Cloud Technology Equal Weight UCITS ETF, launched on 5 October 2018,  
HAN-GINS Tech Megatrend Equal Weight UCITS ETF, launched on 5 October 2018,  
HAN-GINS Indxx Healthcare Megatrend Equal Weight UCITS ETF, launched on 4 April 2019,  
Medical Cannabis and Wellness UCITS ETF, launched on 9 January 2020,  
Saturna Al-Kawthar Global Focused Equity UCITS ETF, launched on 28 September 2020,  
Digital Infrastructure and Connectivity UCITS ETF, launched on 9 October 2020,  
iClima Global Decarbonisation Enablers UCITS ETF, launched on 4 December 2020,  
Global Online Retail UCITS ETF, launched on 22 March 2021,  
Procure Space UCITS ETF, launched on 1 June 2021,  
The Travel UCITS ETF, launched on 4 June 2021,  
Solar Energy UCITS ETF, launched on 4 June 2021,  
U.S. Global Jets UCITS ETF, launched on 15 June 2021,  
AuAg ESG Gold Mining UCITS ETF, launched on 2 July 2021,  
ETC Group Digital Assets and Blockchain Equity UCITS ETF, launched on 15 November 2021,  
FMQQ Next Frontier Internet & Ecommerce ESG-S UCITS ETF, launched on 6 January 2022,  
Airlines, Hotels and Cruise Lines UCITS ETF changed its name to The Travel UCITS ETF effective 16 January 2023.

As at 31 March 2023, the Sub-Funds each had one share class in issue – Accumulating Share Class.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**Notes to the Financial Statements (continued)**

**1. Organisation (continued)**

The AuAg ESG Gold Mining UCITS ETF seeks to track the price and the performance, before fees and expenses, of an index that provides exposure to the performance of companies which are active in the gold mining industry that have low environmental, social and governance (ESG) risk characteristics.

The Digital Infrastructure and Connectivity UCITS ETF seeks to track the price and the performance, before fees and expenses, of an index that provides exposure to the performance of companies involved in the digital infrastructure and connectivity sector.

The EMQQ Emerging Markets Internet & Ecommerce UCITS ETF seeks to track the price and the performance, before fees and expenses, of the EMQQ Emerging Markets Internet & Ecommerce Index™ (the “EMQQ Index”). The EMQQ Index measures the performance of publicly-traded, internet and e-commerce emerging market companies.

The ETC Group Digital Assets and Blockchain Equity UCITS ETF seeks to track the price and the performance, before fees and expenses, of an Index that provides exposure to the performance of companies that have business operations in the field of blockchain technologies.

The FMQQ Next Frontier Internet & Ecommerce ESG-S UCITS ETF seeks to track the price and the performance, before fees and expenses, of an Index that measure the performance of publicly-traded internet and ecommerce related activities in emerging and frontier markets excluding China.

The Global Online Retail UCITS ETF seeks to track the price and the performance, before fees and expenses, of an index that provides exposure to the performance of companies which have a current business focus on the online retails business.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**1. Organisation (continued)**

The HAN-GINS Cloud Technology Equal Weight UCITS ETF seeks to track the price and the performance, before fees and expenses, of the Solactive Cloud Technology Index (the “SKYY Index”). The SKYY Index measures the performance of publicly-traded global companies that are active, or expected to be active, in the field of cloud computing.

The HAN-GINS Indxx Healthcare Megatrend Equal Weight UCITS ETF seeks to track the price and the performance, before fees and expenses, of the Indxx Global NextGen Healthcare Index NTR (the “WELL Index”). The WELL Index measures the performance of companies involved in the Advanced Life Sciences & Smart Healthcare sector, on a global basis, as defined by Indxx.

The HAN-GINS Tech Megatrend Equal Weight UCITS ETF seeks to track the price and the performance, before fees and expenses, of the Solactive Innovative Technologies Index (the “ITEK Index”). The ITEK Index measures the performance of publicly-traded companies that are involved in innovative and disruptive technological trends across a broad range of industries.

The iClima Global Decarbonisation Enablers UCITS ETF seeks to track the price and the performance, before fees and expenses, of an index that provides exposure to the performance of companies involved in the enablement of CO2 avoidance.

The Procure Space UCITS ETF seeks to track the price and the performance, before fees and expenses, of an index that provides exposure to the performance of companies which are engaged in space-related businesses, including companies utilising satellite technology.

The Saturna Al-Kawthar Global Focused Equity UCITS ETF seeks to achieve capital growth over the medium to long term, whilst complying with the Principles of Shariah investment.

The Solar Energy UCITS ETF seeks to track the price and the performance, before fees and expenses, of an index that provides exposure to companies with a business focus on the solar energy industry.

The Medical Cannabis and Wellness UCITS ETF seeks to track the price and the performance, before fees and expenses of The Medical Cannabis and Wellness Equity Index (the “CBDX Index”). The CBDX Index measures the performance of publicly traded companies with significant business activities in the medical cannabis, hemp and cannabinoids (CBD) industry.

The Travel UCITS ETF seeks to track the price and the performance, before fees and expenses, of an index that provides exposure to the performance of companies that are in the airline, hotels and cruise lines industries.

The U.S. Global Jets UCITS ETF seeks to track the price and the performance, before fees and expenses, of an index that tracks the performance of global airline companies.

The shares of the Sub-Funds are listed and admitted for trading and sale on the stock exchanges and venues as listed on page 4 and 5 of the Director's report.

**2. Significant Accounting Policies**

**(a) Basis of preparation**

The ICAV's annual financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as adopted by the European Union (“EU”), the ICAV Act, the UCITS Regulations and the Central Bank UCITS Regulations.

The financial statements have been prepared on a going concern basis which assumes that each Sub-Fund within the ICAV will continue in operational existence for the foreseeable future. In making this assessment, the Directors of the ICAV considered the potential impact of Covid-19 and of the Ukraine/Russia crisis including the level of redemptions post year end. Disclosures on market risk, liquidity risk, credit risk, capital risk, inflation risk and climate risk and how these are managed are set out in Note 3 to the financial statements. The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities at fair value through profit or loss.

The preparation of financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from those estimates.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

The Directors make estimates and assumptions concerning the future of the ICAV. The resulting accounting estimates will, by definition, seldom equal the related actual results. There are no estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

The significant accounting policies adopted by the ICAV are set out below. These policies have been consistently applied to the periods presented unless otherwise stated.

**International Financial Reporting Standards**

*New Pronouncements and amended standards adopted*

The ICAV has adopted all new standards that has come into effect during the year ended 31 March 2023. The adoption of these standards did not have any material effects on the financial performance or position of the ICAV.

<b>Standards</b>	<b>Effective Date</b>
Amendments to IFRS 3 Business Combinations	1 January 2022
Amendments to IAS 16 Property, Plant and Equipment	1 January 2022
Amendments to IAS 37 – Provisions, Contingent Liabilities and Contingent Assets	1 January 2022
Annual Improvements 2018 – 2020 (All issued 14 May 2020)	1 January 2022

*New standards, amendments and interpretations effective after 1 April 2022 and have not been early adopted*

There are no standards, interpretations or amendments to existing standards that are not yet effective that would be expected to have a significant impact on the ICAV.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**2. Significant Accounting Policies (continued)**

**(a) Basis of preparation (continued)**

**International Financial Reporting Standards (continued)**

*New standards, amendments and interpretations issued but not effective and not early adopted*

The following standards are not expected to have a material impact on the ICAV in the current or future reporting periods or on foreseeable future transactions:

<b>Standards</b>	<b>Effective</b>
Amendments to IAS 1 – Classification of liabilities as current or non-current liabilities with covenant	Beginning on or after 1 January 2024
IFRS 17 Insurance Contracts	Beginning on or after 1 January 2023
Deferred Tax related to Assets and Liabilities arising from Single Transactions – Amendments to IAS 12	Beginning on or after 1 January 2023
Lease Liability in a Sale and Leaseback – Amendment to IFRS 16	Beginning on or after 1 January 2024
Sale or Contribution of Assets between an investor and its Associate or Joint Venture – Amendments to IFRS 10 and IAS 28	Note 1
Amendments to IAS 1 and IFRS Practice Statement 2 – Disclosure of Accounting Policies	Beginning on or after 1 January 2023
Amendments to IAS 8 – Definition of Accounting Estimates	Beginning on or after 1 January 2023

Note 1: In December 2015, the IASB postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting.

*Amendments to IFRS 10 and IAS 28*

Presentation of Financial Statements and the impact on consolidated statements and improving accounting policy disclosures; The amendments aim to improve accounting policy disclosures and to help users of the financial statements to distinguish between changes in accounting estimates and changes in accounting policies.

*Amendments to IAS 1 – Classification of liabilities as current or non-current liabilities with covenant*

Non current liabilities with covenants; These amendments clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability.

*Deferred Tax related to Assets and Liabilities arising from Single Transactions – Amendments to IAS 12*

Deferred tax related to assets and liabilities arising from a single transaction; These amendments require companies to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences.

**(b) Financial Instruments**

The fair value of financial instruments is based on their quoted market prices, in an active market, at the year/period end date without any deduction for estimated future selling costs.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the reporting date.

If a quoted market price in an active market is not available on a recognised stock exchange or from a broker/dealer for non-exchange traded financial instruments, the fair value of the instrument is estimated using valuation techniques, including use of recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the year/period end date applicable for an instrument with similar terms and conditions (such as government bonds). Where other pricing models are used, inputs are based on market data at the year/period end date.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**2. Significant Accounting Policies (continued)**

**(b) Financial Instruments (continued)**

**(i) Classification and recognition**

In accordance with IFRS 9, the ICAV classifies its financial assets and financial liabilities at initial recognition into the categories of financial assets and financial liabilities discussed below.

In applying that classification, a financial asset or financial liability is considered to be held for trading if:

- (a) It is acquired or incurred principally for the purpose of selling or repurchasing it in the near term; Or
- (b) On initial recognition, it is part of a portfolio of identified financial instruments that are managed together and for which, there is evidence of a recent actual pattern of short-term profit-taking; Or
- (c) It is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument)

**Financial assets**

The ICAV classifies its financial assets as subsequently measured at amortised cost or measured at fair value through profit or loss on the basis of both:

- The entity's business model for managing the financial assets
- The contractual cash flow characteristics of the financial asset

**Financial assets measured at amortised cost**

A debt instrument is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The ICAV includes in this category short-term non-financing receivables including accrued income and other receivables.

Financial assets that are not at fair value through profit or loss include cash and cash equivalents, margin accounts held at broker, dividends receivable, interest receivable, receivable for shares issued and securities sold receivable.

**Financial assets at fair value through profit or loss (FVPL)**

A financial asset is measured at fair value through profit or loss if:

- (a) Its contractual terms do not give rise to cash flows on specified dates that are solely payments of principal and interest (SPPI) on the principal amount outstanding; Or
- (b) It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell; Or
- (c) At initial recognition, it is irrevocably designated as measured at FVPL when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

The following financial instruments are measured at fair value: common stock, contracts for difference, preferred stock, government bonds, mutual funds and total return swaps.

**Financial liabilities**

**Financial liabilities measured at fair value through profit or loss (FVPL)**

A financial liability is measured at FVPL if it meets the definition of held for trading.

The ICAV includes financial liabilities at fair value through profit or loss and redeemable shares in this category. The ICAV's accounting policy regarding the redeemable participating shares is described in Note 2 (g) below.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**2. Significant Accounting Policies (continued)**

**(b) Financial Instruments (continued)**

**Financial liabilities measured at amortised cost**

This category includes all financial liabilities, other than those measured at fair value through profit or loss. The ICAV includes in this category short-term payables.

**(ii) Initial measurement**

Financial instruments are measured initially at fair value (transaction price) plus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately.

A purchase of financial assets is recognised using trade date accounting. From this date any gains and losses arising from changes in the fair value of the financial assets or financial liabilities are recorded in the Statement of Comprehensive Income.

**(iii) Subsequent measurement**

Subsequent to initial recognition, all instruments classified at fair value through profit or loss, are measured at fair value with changes in their fair value recognised in the Statement of Comprehensive Income. The fair value of instruments traded in active markets is based on quoted market prices at the year/period end date. Trade and other receivables are measured at amortised cost as an approximation of fair value.

Financial liabilities, arising from the redeemable shares issued by the ICAV, are carried at the redemption amount representing the Shareholders' right to a residual interest in the ICAV's net assets.

**(iv) Derecognition**

A financial asset is derecognised when the contractual right to receive cash flows from the financial asset has expired or the ICAV has transferred substantially all risks and rewards of ownership. A financial liability is derecognised when the obligation specified in the contract has been discharged, cancelled or expired.

Realised gains or losses on disposals of investments during the year/period and unrealised gains and losses on valuation of investments held at the year/period end are recognised within the net gain on financial assets and financial liabilities at fair value through profit or loss line in the Statement of Comprehensive Income.

**(c) Foreign currency translation**

**(i) Functional and presentation currency**

The financial statements are presented in the base currency of the Sub-Funds as defined in the Prospectus (the "presentation currency") and the base currency of the ICAV will be US Dollar ("USD"). Items included in the ICAV's financial statements are measured and presented using the currency of the primary economic environment in which it operates. The functional currency of each of the Sub-Funds is USD.

**(ii) Transactions and balances**

Monetary assets and liabilities denominated in currencies other than the functional currency are translated into the functional currency at the closing rate of exchange at the year/period end date. Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year/period end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Comprehensive Income.

Translation differences on non-monetary items, held at fair value through profit or loss are reported as part of the fair value gain or loss.

Reported net realised and unrealised gains and losses arising from foreign currency transactions are reflected in net gain on financial assets and financial liabilities at fair value through profit or loss in the Statement of Comprehensive Income.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**2. Significant Accounting Policies (continued)**

**(d) Transaction costs**

Transaction costs are incurred on the acquisition or disposal of financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, advisors, brokers and dealers, interest or taxes payable in respect of purchase and sale transactions. Transaction costs when incurred are expensed immediately and are included within net gain on financial assets and liabilities at fair value through profit or loss in the Statement of Comprehensive Income. Please refer to Note 7 for more details.

**(e) Dividend income**

Dividends are credited to the Statement of Comprehensive Income on the dates on which the relevant securities are listed as "ex dividend". Income is shown gross of any non-recoverable withholding tax, which is disclosed separately in the Statement of Comprehensive Income, and net of any tax credits.

**(f) Interest income**

Interest income is recognised in the Statement of Comprehensive Income on a time-proportionate basis using the effective interest method. Interest income includes interest from cash and cash equivalents.

Interest from Financial Assets at Fair Value through Profit and Loss which includes interest from government bonds is recognised in the Statement of Comprehensive Income. Bond interest income is accrued on a daily basis using the effective yield method. Interest on securities includes interest and discount earned (net of premium), which is the difference between the face value and the original cost, including original issue discount.

**(g) Redeemable participating shares**

Redeemable participating shares are redeemable at the shareholder's option and are classified as financial liabilities. Any distributions on these shares are recognised in the Statement of Comprehensive Income as a finance cost.

**(h) Fees and charges**

Fees and charges are expensed as incurred and charged to the Statement of Comprehensive Income on an accruals basis.

**(i) Cash flows**

The ICAV has prepared a Statement of Cash Flows using the direct method, whereby major classes of cash receipts and payments related to operating activities are disclosed.

**(j) Distributions**

Each Sub-Fund may issue redeemable shares which are either Distributing Shares and Accumulating Shares. Where any Distributing Shares are issued, the Directors may declare dividends annually on or about December in each year to the Shareholders of such Shares out of the profits of the Sub-Fund attributable to the Distributing Shares, in accordance with the terms of the Prospectus. The profits attributable to the Accumulating Shares in the Sub-Fund shall be retained within the Sub-Fund and will be reflected in the Net Asset Value of the Accumulating Shares. Proposed distributions to the holders of redeemable participating shares are recognised in the Statement of Comprehensive Income when they are appropriately authorised and no longer at the discretion of the ICAV.

**(k) Withholding tax and capital gains tax**

Dividends, interest and capital gains received by the ICAV may be subject to taxes imposed in the country of origin, and such taxes may not be recoverable by the ICAV, which is shown separately in the Statement of Comprehensive Income.

**(l) Cash and cash equivalents, cash collateral and margin cash**

Cash comprises of cash in hand and on demand deposits. Cash equivalents, if any, are short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to insignificant changes in value.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**2. Significant Accounting Policies (continued)**

**(l) Cash and cash equivalents, cash collateral and margin cash**

The Bank of New York Mellon SA/NV, Dublin Branch acts as Depositary to the ICAV. As at 31 March 2023 the Sub-Funds' cash and cash equivalents balance of US\$7,065,380 (31 March 2022: US\$1,042,066) are held at the Depositary, The Bank of New York Mellon SA/NV, Dublin Branch.

Margin Cash held or received by the ICAV in relation to swap contracts is identified in the Statement of Financial Position as margin cash and is not included as a component of cash and cash equivalents.

Margin accounts represent the total return swap contracts' margin deposits held at brokers and margin deposits received from brokers. At 31 March 2023, the ICAV did not hold margin cash (31 March 2022: US\$2,952,743). At 31 March 2023, the ICAV did not receive margin cash (31 March 2022: US\$(1,725,294)).

At 31 March 2023, cash collateral due to broker by the ICAV to JP Morgan amounted to US\$740,000 (31 March 2022: US\$Nil). The ICAV may invest cash collateral received, subject to conditions set out in the Prospectus.

**(m) Offsetting**

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position if, and only if, there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. As at 31 March 2023 and 31 March 2023, the Sub-Funds did not offset financial assets and liabilities on the Statement of Financial Position.

**(n) Securities purchased payable**

Securities purchased payable are securities purchased that have been contracted for but not yet delivered by the year end.

**(o) Securities sold receivable**

Securities sold receivable are securities sold that have been contracted for but not yet delivered by the year end.

**3. Financial Risk Management**

**Investment strategy**

HANetf Management Limited acted as the Manager pursuant to the Management Agreement.

In pursuing its investment objective, the ICAV is exposed to a variety of risks: Market risk (including price risk, foreign currency risk and interest rate risk), credit risk, liquidity risk and capital risk management that could result in a reduction in the ICAV's net assets.

The ICAV's investment managers are responsible for identifying and controlling risks. The Board of Directors supervises the investment managers and is ultimately responsible for the overall risk management of the ICAV.

The nature and extent of the financial instruments held at the reporting date and the risk management policies employed by the ICAV are discussed below and overleaf.

**Risk management structure**

The Investment Managers are responsible for the day to day monitoring and ensuring management of the key risks identified by the ICAV. This function is overseen by the Manager through the provision of exception and periodic reports.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**3. Financial Risk Management (continued)**

**Market Risk**

**(a) Price Risk**

Market price risk arises mainly from uncertainty about future prices of financial instruments held. It represents the potential loss the Sub-Funds might suffer through holdings in the investment portfolio in the face of price movements. Adherence to investment guidelines and to investment and borrowing powers set out in the Prospectus mitigate the risk of excessive exposure to any particular type of security or issuer. The ICAV overall market positions are monitored on a regular basis by the Investment Manager.

Because of the overall size, concentration in particular markets and maturities of positions held by the Sub-Funds, the value at which their investments can be liquidated may differ, sometimes significantly from their current valuation. In addition, the timing of liquidations may also affect the values obtained on liquidation. Securities to be held by the Sub-Funds may routinely trade with bid-ask spreads that may be significant. At times, third-party pricing information may not be available for certain positions held by the Sub-Funds.

A Sub-Fund is not expected to track its respective Index at all times with perfect accuracy. There is no guarantee that the Sub-Fund will achieve perfect tracking and the Sub-Fund may potentially be subject to tracking error risk, which is the risk that their returns may not track exactly those of their respective Index, from time to time. This tracking error may result from an inability to hold the exact constituents of the Index, for example where there are local market trading restrictions, small illiquid components and/or where the Regulations limit exposure to the constituents of the Index. Each Sub-Fund is, however, expected to provide investment results that, before expenses, generally correspond to the price and yield performance of its respective Index. The Investment Manager will regularly monitor the level of correspondence of the performance of a Sub-Fund.

Please refer to the Schedule of Investments for the significant geographical concentrations of transferable securities held by each Sub-Fund.

**Market Risk (continued)**

**(b) Foreign Currency Risk**

A Sub-Fund's investments and, where applicable, the investments of any collective investment scheme in which a Sub-Fund invests, may be acquired in a wide range of currencies other than the base currency of the Sub-Fund. Changes in the exchange rate between the base currency of the Sub-Fund and the currency of the asset may lead to a depreciation of the value of the Sub-Fund's assets as expressed in the base currency. It may not be possible or practical to hedge against such exchange rate risk. The Investment Manager may, but is not obliged to, mitigate this risk by using financial instruments. The Sub-Funds did not engage in hedging during the year.

Sub-Fund may from time to time utilise techniques and instruments to seek to protect (hedge) currency exchange transactions either on a spot basis or by buying currency exchange forward contracts. Neither spot transactions nor forward currency exchange contracts eliminate fluctuations in the prices of a Sub-Fund's securities or in foreign exchange rates, or prevent loss if the prices of these securities should decline.

The Sub-Funds did not hold any forward currency exchange contracts during the year ended 31 March 2023 and 31 March 2022.

The following table shows the Sub-Fund's currency risk exposure as at 31 March 2023.

\*Please refer to Note 1 for fund launch and name change.

**(c) Interest Rate Risk**

This is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The majority of the Sub-Fund's financial assets are equity shares and other instruments which neither pay interest nor have a maturity date. Cash balances of the Sub-Fund are not subject to significant interest rate risk.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**3. Financial Risk Management (continued)**

**Market Risk (continued)**

**(c) Interest Rate Risk (continued)**

The interest rate risk that all other Sub-Funds are exposed to is deemed minimal.

**3. Financial Risk Management (continued)**

**Credit Risk**

The ICAV will be exposed to the credit risk of the Depositary or any sub-custodian used by the Depositary where assets of the ICAV are held by the Depositary or sub-custodians. Credit risk is the risk that an entity will fail to discharge an obligation or commitment that it has entered into with the ICAV. Cash held by the Depositary and sub-custodians will be a debt owing from the Depositary or other sub-custodians to the ICAV as a depositor. Such cash will be co-mingled with cash belonging to other clients of the Depositary and/or sub-custodians. In the event of the insolvency of the Depositary or sub-custodians, the ICAV will be treated as a general unsecured creditor of the Depositary or sub-custodians in relation to cash holdings of the ICAV. The ICAV may face difficulties and/or encounter delays in recovering such debt, or may not be able to recover it in full or at all, in which case the relevant Sub-Fund(s) will lose some or all of their cash. As at 31 March 2023, the Depositary had a credit rating of AA- (S&P) (31 March 2022 : AA-).

All transactions in quoted securities are settled/paid for upon delivery using approved brokers. The risk of default is considered minimal, as delivery of securities sold is made in exchange for payment from the broker. Payment is made on a purchase once the securities have been delivered by the broker. The trade will fail if either party fails to meet its obligation.

As at 31 March 2023 the ICAV had cash holdings of US\$7,065,380 (31 March 2022: US\$1,042,066), margin account held with brokers US\$Nil (31 March 2022: US\$2,952,743), dividends receivable of US\$355,230 (31 March 2022: US\$318,536), interest receivable of US\$496,780 (31 March 2022: US\$21,663), receivables for shares issued of US\$2,384,512 (31 March 2022: US\$3,311,359) and Securities sold receivable of US\$13,859,706 (31 March 2022: US\$4,596,201) with the Depositary.

**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**3. Financial Risk Management (continued)**

**Credit Risk (continued)**

**Liquidity Risk**

Liquidity risk is the risk that the ICAV may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous. Most of the investments owned by a Sub-Fund can usually be sold promptly at a fair price and therefore can be described as relatively liquid. But a Sub-Fund may also hold investments that are illiquid, which means they can't be sold quickly or easily. Some investments are illiquid because of legal restrictions, the nature of the investment itself, settlement terms, or for other reasons.

Sometimes, there may simply be a shortage of buyers. A Sub-Fund that has trouble selling an investment can lose value or incur extra costs. In addition, illiquid investments may be more difficult to value accurately and may experience larger price changes. This can cause greater fluctuations in a Sub-Fund's value.

Redemptions or withdrawals from a Sub-Fund could require that Sub-Fund to liquidate its positions more rapidly than otherwise desirable, which could adversely affect that Sub-Fund's net asset value. Illiquidity in certain securities could make it difficult for a Sub-Fund to liquidate positions on favourable terms, which may affect that Sub-Fund's net asset value. Although a Sub-Fund may suspend redemptions or withdrawals in the manner described in the Prospectus in order to minimize this risk, it might not always do so, nor would use of this provision eliminate such value or liquidity risks. Redemption proceeds will be typically transferred within five Business Days of the relevant Dealing Day and, in any event, within such other period as the Directors may determine (not exceeding 10 Business Days following the relevant Dealing Deadline).

The tables below and overleaf analyse the ICAV's financial liabilities into relevant maturity groupings based on the remaining period at financial year ended 31 March 2023 to the contractual maturity date.

**3. Financial Risk Management (continued)**

**Liquidity Risk (continued)**

**Concentration Risk**

There are no limits on each Investment Manager's investment discretion, subject to the Investment Restrictions applicable to each Sub-Fund as set out in each respective supplement. While the Investment Manager will regularly monitor the concentration of each Sub-Fund's exposure to related risk, at any given time a Sub-Fund's assets may become highly concentrated within a particular region, country, company, industry, asset category, trading style or financial or economic market. In that event, the Sub-Fund's portfolio will be more susceptible to fluctuations in value resulting from adverse economic conditions affecting the performance of that particular company, industry, asset category, trading style or economic market, than a less concentrated portfolio would be. As a result, that Sub-Fund's investment portfolio could become concentrated and its aggregate return may be volatile and may be affected substantially by the performance of only one or a few holdings and, consequently, could have an adverse impact on a Sub-Fund's financial conditions and its ability to pay distributions.

As per the table below, the funds hold in excess of 20% of net assets in the following markets.

<b>Fund</b>	<b>Market</b>	<b>31 March 2023</b>	<b>31 March 2022</b>

**For the financial year ended 31 March 2023**

---

### **3. Financial Risk Management (continued)**

#### **Capital Risk Management**

The capital of the ICAV is represented by the net assets attributable to the holders of redeemable participating shares. The amount of net assets attributable to the holders of redeemable participating shares can change significantly on a daily basis, as the Sub-Funds are subject to daily subscriptions and redemptions at the discretion of the shareholder. The ICAV's objective when managing capital is to safeguard the ICAV's ability to continue as a going concern in order to provide returns for the shareholder and maintain a strong capital base to support the development of the investment activities of the ICAV. The ICAV is not subject to regulatory capital requirements.

In order to maintain or adjust the capital structure, the ICAV's policy is to perform the following:

- Monitor the level of daily subscriptions and redemptions relative to the assets it expects to be able to liquidate within a day and adjust the amount of distributions the ICAV pays to the redeemable shareholder.
- Redeem and issue new shares in accordance with the constitutional documents of the Fund, which include the ability to restrict redemptions and require certain minimum holdings and subscriptions.

The Depositary and Manager monitor capital on the basis of the value of net assets attributable to the redeemable Shareholders.

#### **Inflation Risk**

Inflation risk describes the risk that inflation can pose to the performance of a portfolio over time, specifically where rising prices could outpace returns delivered by investments. The global economy has been experiencing inflation since the end of 2020 to varying degrees related to the Covid-19 pandemic, and while levels of inflation have begun to ease since the beginning of 2023, they remain at elevated levels and have not been aided by the continued conflict in Ukraine.

#### **Climate Risk**

Climate risk could impact the financial system through two main channels. The first involves physical risks, arising from damage to property, infrastructure and land together with associated productivity disruptions. The second, transition risk, results from changes in climate policy, technology, and consumer and market sentiment during the adjustment to a lower-carbon economy. Exposures can vary significantly from country to country. Lower- and middle-income economies may be more vulnerable to impact of climate risks.

#### **Fair value**

IFRS 13 'Fair Value Measurement' requires disclosure relating to the fair value hierarchy in which fair value measurements are categorised as assets and liabilities in the Statement of Financial Position.

The disclosures are based on a three-level fair value hierarchy for the inputs used in valuation techniques to measure fair value. The fair value of financial assets and financial liabilities traded in an active market (such as trading securities) are based on quoted market prices at the close of trading on the reporting date.

A financial instrument is regarded as quoted in an active market if the quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The fair value of financial assets that are not traded in an active market is determined by using valuation techniques. The ICAV uses a variety of methods and makes assumptions that are based on market conditions existing at the reporting date. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**3. Financial Risk Management (continued)**

**Fair value (continued)**

- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

During the year ended 31 March 2023 and 31 March 2022 there were no transfers between Level 1 and Level 2 of the fair value hierarchy for financial assets which were recorded at fair value. There were also no transfers between Level 2 and Level 3. If there were transfers, they would be deemed to have occurred at the beginning of the year.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2.

As the fair values of the ICAV's investments are based on quoted prices in active markets, the ICAV's financial assets measured at fair value as at 31 March 2023 and 31 March 2022 are classified as Level 1 in the fair value hierarchy, with the exception of Alerian Midstream Energy Dividend UCITS ETF financial assets and liabilities (by class) measured at fair value at 31 March 2023 and 31 March 2022.

In respect of the TRS and CFD, these are valued daily by the relevant counterparty by reference to the closing values of the indices/or individual equities referenced to in the contract and the notional cost agreed upon entering/reset of the contract. Such values which are verified by the Administrator using information which it sources from an independent third-party service data provider.

As at 31 March 2023 and 31 March 2022, fair value pricing at zero was applied to all Russian equity holdings held by AuAg ESG Gold Mining UCITS ETF, EMQQ Emerging Markets Internet & Ecommerce UCITS ETF, FMQQ Next Frontier Internet & Ecommerce ESG-S UCITS ETF, Global Online Retail UCITS ETF and HAN-GINS Tech Megatrend Equal Weight UCITS ETF resulting in the following unrealised losses:

<b>Fund</b>	<b>31 March 2023</b>	<b>31 March 2022</b>
AuAg ESG Gold Mining UCITS ETF	–	(194,477)
EMQQ Emerging Markets Internet & Ecommerce UCITS ETF	–	(8,867,007)

**3. Financial Risk Management (continued)**

**Fair value (continued)**

**4. Share Capital**

In order to initially incorporate the ICAV two subscribers are required to subscribe for shares, termed subscriber shares. These are the shares owned by HANetf Holdings Limited. Subscriber shares are a requirement for ICAVs because a shareholder resolution is required to ultimately wind up the ICAV, and the shares hold no other value or function and are separate and distinct from the shares of any sub-funds on the platform and do not confer voting rights in the sub-funds.

The subscriber shares are thus required because there will be no other shareholders available to pass a wind-up resolution once all sub-funds on the ICAV have been terminated (i.e. there will, by default, be no shareholders to cast a vote otherwise) and it would not otherwise be legally possible to liquidate the ICAV itself.

At the date thereof, the authorised share capital of the ICAV is 2 Subscriber Shares of €1 each and 1,000,000,000,000,000 shares of no par value designated as unclassified shares. Within each Sub-Fund and Share Class, the ICAV may issue Accumulating Shares and Distributing Shares which shall represent interests in the same distinct portfolio on investments. The Directors are generally and unconditionally authorised to exercise all powers of the ICAV to allot relevant securities, including fractions thereof, up to an amount equal to the authorised but not yet issued share capital of the ICAV. The Subscriber Shares entitle the holders to attend and vote at any general meetings of the ICAV but do not entitle the holders to participate in the profits or assets of the ICAV except for a return of capital on a winding-up.

The participating shares entitle the holders to attend and vote at general meetings of the ICAV and (other than the Subscriber Shares) to participate equally in the profits and assets of the Sub-Fund to which the Shares relate, subject to any differences between fees, charges and expenses applicable to different Share Classes. The rights attached to any class may be varied or abrogated with the consent in writing of the holders of three-fourths in number of the issued Shares of that class, or with the sanction of a special resolution passed at a separate general meeting of the holders of the Shares of the Class, and may be so varied or abrogated either whilst the ICAV is a going concern or during or in contemplation of a winding-up.

The ICAV may from time to time by ordinary resolution increase its capital, redenominate the currency of any class of Shares, consolidate the Shares or any of them into a smaller number of Shares, sub-divide the Shares or any of them into a larger number of Shares or cancel any Shares not taken or agreed to be taken by any person.

---

**6. Taxation**

Under current law and practice the ICAV qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended (“TCA”). On this basis, it is generally not chargeable to Irish tax on its income or gains.

The Irish exit tax regime which is ordinarily applicable to an ‘investment undertaking’ does not apply to an ‘investment undertaking’, such as the ICAV, which is an ETF, provided the Shares of the ICAV remain held in a clearing system that is recognised by the Irish Revenue Commissioners (which currently includes Euroclear and Clearstream). As a result, the ICAV will not be obliged to account for any Irish exit tax (or other Irish tax) in respect of the Shares.

If the Shares cease to be held in such a recognised clearing system, the ICAV would be obliged to account for Irish exit tax to the Irish Revenue Commissioners in certain circumstances.

Any income and gains arising from the assets of the Sub-Funds may be subject to withholding tax which may not be reclaimable in the countries where such income and gains arise. If this position changes in the future and the application of a lower rate results in a repayment to a Sub-Fund, the Net Asset Value will not be re-stated and the benefit will be allocated to the existing Shareholders rateably at the time of repayment.

The income and/or gains of a Sub-Fund from its securities and assets may suffer withholding tax in the countries where such income and/or gains arise. The ICAV may not be able to benefit from reduced rates of withholding tax in double taxation agreements between Ireland and such countries. If this position changes in the future and the application of a lower rate results in repayment to the relevant Sub-Fund, the Net Asset Value will not be restated and the benefit will be allocated to the existing Shareholders of the relevant Sub-Fund rateably at the time of repayment.

As at 31 March 2023, Brazilian and Indian capital gains tax payable amounted to US\$96 and US\$6,196 respectively (31 March 2022: US\$5,103 and US\$583,858 respectively).

**7. Expenses**

The management fee is paid to the Manager. In return, the manager takes on all other operating expenses of the Sub-Funds, including service provider operating and administrative expenses.

**Management fees**

Annual management fees payable to the Manager in respect of each sub-fund of the ICAV shall be equal to the TER (based on the total net asset value of the ICAV).

Such fee shall accrue daily and, shall be payable out of the assets of the Sub-Fund monthly in arrears.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**7. Expenses (continued)**

**Management fees (continued)**

The TER for each Sub-Fund was as follows:

AuAg ESG Gold Mining UCITS ETF	0.60% per annum
Digital Infrastructure and Connectivity UCITS ETF	0.69% per annum
EMQQ Emerging Markets Internet & Ecommerce UCITS ETF	0.86% per annum
ETC Group Digital Assets and Blockchain Equity UCITS ETF	0.60% per annum
FMQQ Next Frontier Internet & Ecommerce ESG-S UCITS ETF	0.86% per annum

The Travel UCITS ETF*	0.69% per annum
U.S. Global Jets UCITS ETF	0.65% per annum

\*Please refer to Note 1 for fund launch and termination.

Management fees (TER) are paid to the Manager. For the year ended 31 March 2023 HANetf Management Limited earned Management fees (TER) amounting to US\$4,177,837 (31 March 2022: US\$5,135,727) of which US\$364,427 (31 March 2022: US\$374,588) was payable at the year end.

**Transaction costs**

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the financial instrument.

Transaction costs on purchases and sales of equities are included in net gain on financial assets and liabilities at fair value through profit or loss.

Swap expenses are paid to the swap counterparties under normal terms of business and are included in realised net gain on financial assets and liabilities at fair value through profit or loss.

**For the financial year ended 31 March 2023**

**8. Related Parties and Connected Persons**

Mr Manooj Mistry and Mr Samir Patel, Directors of the ICAV, are related parties to the ICAV as they are employees of HANetf Limited.

Directors' fees are paid by the Manager on behalf of the ICAV. Brian Healy earned Directors fees during the year ended 31 March 2023 to the amount of US\$23,365 (31 March 2022: US\$20,837). Shane Ralph earned Directors fees during the year ended 31 March 2023 to the amount of US\$7,985 (31 March 2022: US\$6,329). All other Directors waived their entitlement to fees for the year.

Shane Ralph is a Director of the ICAV and Company Secretary to Carne Global Financial Services Limited. Carne Global Financial Services Limited earned fees during the year in respect of Director support services and other fund governance services provided to the Company, the fees amounted to US\$4,979 and US\$529,032, respectively, of which US\$133,130 was payable at year end. These fees are presented exclusive of VAT.

HANetf Management Limited, as Manager to the ICAV, earned a fee of US\$4,177,837 during the year ended 31 March 2023 (31 March 2022: US\$5,135,727), of which US\$362,366 (31 March 2022: US\$374,588) was payable at year end.

**9. Auditor's remuneration**

The remuneration for all work carried out by the statutory audit firm in respect of the year is as follows:

	<b>As at 31 March 2023</b>	<b>As at 31 March 2022</b>
	<b>USD</b>	<b>USD</b>
Statutory audit of ICAV accounts (excluding VAT)	183,088	154,157
	<b>183,088</b>	<b>154,157</b>

The above fees are presented exclusive of VAT and are paid by the Manager. These are the only fees paid to the audit firm for the year. No other fees were paid or payable to the auditor in respect of the year.

**10. Contingent Liabilities and Commitments**

There were no significant contingent liabilities or commitments at 31 March 2023 and 31 March 2022.

**11. Segregation of Liability**

The ICAV is an umbrella fund with segregated liability between Sub-Funds and each Sub-Fund may comprise one or more classes of shares. The Directors may, from time to time, upon the prior approval of the CBI, establish further Sub-Funds by the issue of one or more separate classes of shares on such terms as the Directors may resolve. The Directors may, from time to time, in accordance with the requirements of the CBI, establish one or more separate classes of shares within each Sub-Fund on such terms as the Directors may resolve.

**12. Umbrella Cash Collection Accounts**

The CBI published the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) Investor Money Regulations 2015 for Fund Service Providers (the "Investor Money Regulations" or "IMR") in March 2015 (effective from 1 July 2016). The Manager, together with the Administrator implemented procedures in relation to the way subscription and redemption monies are channeled on the ICAV. These transactions are channeled through an umbrella cash collection account in the name of the ICAV. Pending issue of the shares and/or payment of subscription proceeds to an account in the name of the ICAV or the relevant Sub-Funds, and pending payment of redemption proceeds or distributions, the relevant investor will be an unsecured creditor of the relevant Sub-Fund in respect of amounts paid by or due to it. As at 31 March 2023, there was a US\$27,426 (31 March 2022: US\$1,544) balance in this account.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**13. Efficient Portfolio Management**

Subject to the UCITS Regulations and to the conditions and the limits laid down by the Central Bank, the Investment Manager, on behalf of a Sub-Fund may invest in financial derivative instruments dealt on a Regulated Market and/or over the counter (OTC) derivatives which will be used for investment, hedging and/or efficient portfolio management purposes. The financial derivative instruments in which a Sub-Fund may invest shall be set out in the Supplement for the relevant Sub-Fund.

**14. Significant Events during the year**

The invasion of Ukraine by Russia in February 2022 has created extensive uncertainty on the political and economic front. A direct consequence of this was felt through inflation spikes and further tightening of US, European and UK interest rates, with the former easing in late 2022 and into the following year. The geopolitical conflict has quickened the western world's transition away from Russian energy sources to alternative sources. Longer-term there is a larger realignment within economies, markets, industries and individual issuers and more focus on matters of defence / energy dependence.

The following Sub-fund's was name change during the year:

**16 January 2023**

Airlines, Hotels and Cruise Lines UCITS ETF changed its name to The Travel UCITS ETF.

An updated Prospectus was issued on 27 May 2022. Updates to the prospectus included disclosure updates related to Sustainability disclosures under SFDR.

On 1 January 2023, Carne Global Financial Services Limited replaced Goodbody Secretarial Limited as the Secretary of the ICAV and Secretary of the Manager.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**14. Significant Events during the year (continued)**

On 13 March 2023, Signature Bank went into liquidation, as a result of the liquidation the remaining shareholdings in the ICAV were sold resulting in the following realised loss:

<b>Sub-Fund</b>	<b>Realised Loss</b>
ETC Group Digital Assets and Blockchain Equity UCITS ETF	(129,218)

There have been no other significant events after the year end which require a disclosure in the financial statements.

**15. Subsequent Events after the year end**

Global Online Retail UCITS ETF terminated on 8 May 2023.

An updated Prospectus was issued on 12 June 2023. Updates to the prospectus included the change in Administrator of the Fund from BNY Mellon Fund Services (Ireland) Designated Activity Company to J.P. Morgan Administration Services (Ireland) Limited and the change in Depositary from The Bank of New York Mellon SA/NV, Dublin Branch to J.P. Morgan SE – Dublin Branch.

**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

---

**19. Distributions**

For the year ended 31 March 2023, there were no distributions payable.

**20. Operating Segments**

An operating segment is a component of the ICAV that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relates to transactions with any of the ICAV's other components, whose operating results are reviewed regularly to make decisions about resources allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported include items directly attributable to a segment.

It is considered that each Sub-Fund is an operating segment which is investing in line with its investment objective. The segment information provided to the Investment Manager is the same as that disclosed in the Statement of Comprehensive Income and Statement of Financial Position for each Sub-Fund. The Investment Managers' asset allocation decisions are based on a single, integrated investment strategy, to deliver the performance of the relevant objective. The Sub-Funds have no assets classified as non-current assets. Each Sub-Fund's investments expose it to the performance of the relevant Index with the exception of Saturna Al-Kawthar Global Focused Equity UCITS ETF which focuses on Shariah-compliant stocks with positive ESG characteristics. The revenue attributable to each Sub-Fund is derived from geographical locations in line with those outlined in the Schedule of Investments for that Sub-Fund. The daily asset allocation decisions are made by the Investment Managers for each Sub-Fund.

i. In accordance with the Central Bank UCITS Regulations, the annual report documents material changes that have occurred in the disposition of the assets of the ICAV during the year. A material change is defined as aggregate purchases of a security exceeding 1 per cent of the total value of the purchases for the year and/or aggregate disposals greater than 1 per cent of the total value of sales for the year. If there are fewer than 20 purchases/sales that meet the material changes definition, the ICAV shall disclose those purchases/sales so at least 20 purchases/sales are disclosed.

i. In accordance with the Central Bank UCITS Regulations, the annual report documents material changes that have occurred in the disposition of the assets of the ICAV during the year. A material change is defined as aggregate purchases of a security exceeding 1 per cent of the total value of the purchases for the year and/or aggregate disposals greater than 1 per cent of the total value of sales for the year. If there are fewer than 20 purchases/sales that meet the material changes definition, the ICAV shall disclose those purchases/sales so at least 20 purchases/sales are disclosed.

i. In accordance with the Central Bank UCITS Regulations, the annual report documents material changes that have occurred in the disposition of the assets of the ICAV during the year. A material change is defined as aggregate purchases of a security exceeding 1 per cent of the total value of the purchases for the year and/or aggregate disposals greater than 1 per cent of the total value of sales for the year. If there are fewer than 20 purchases/sales that meet the material changes definition, the ICAV shall disclose those purchases/sales so at least 20 purchases/sales are disclosed.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**Appendix 1: UCITS V Remuneration Policy (Unaudited)**

**Introduction**

The European Communities (Undertakings for Collective Investment in Transferable Securities) (Amendment) Regulations 2016 (the Regulations) requires that HANetf Management Limited (the “Manager”) establish and apply remuneration policies and practices that are consistent with, and promote, sound and effective risk management and that neither encourage risk taking which is inconsistent with the risk profiles, prospectuses, trust deeds and deeds of constitution of the UCITS to which it has been appointed (the Funds) nor impair compliance with the Manager’s duty to act in the best interests of the Funds.

The following regulations, guidelines and requirements are of relevance to the remuneration policies and practices of the Manager:

1. the Regulations; and
2. ESMA Guidelines on Sound Remuneration Policies dated 31 March 2016 (the **ESMA Remuneration Guidelines**).

The purpose of this document is to set out the remuneration policies and describe the remuneration practices for the Manager taking into consideration the need to align risks in terms of risk management and exposure to risk, including the application of risk assessments and mitigation strategies that consider environmental, social governance events or conditions and for the policies to be in line with the business strategy, objectives and interests of the Manager.

As the nature and range of the Manager’s activities, its internal organisation and operations are, in the Directors’ opinion, limited in their nature, scale and complexity, that is, to the business of a management company engaging in collective portfolio management of investments of capital raised from the public, this is reflected in the manner in which the Manager has addressed certain requirements regarding remuneration imposed upon it by the Regulations.

**The Manager and the Board of Directors**

The Manager is a UCITS management company. The board of directors of the Manager (the Board) are made up of independent non-executive and non-executive directors (each a Director). Each Director is appointed pursuant to a letter of appointment with the Manager.

**Appointment of the Investment Managers**

The Manager has delegated the performance of the investment and re-investment of the assets of the Funds to investment managers appointed by the Manager or any successor thereto duly appointed in accordance with the requirements of the Central Bank as specified in the supplement in respect of the Funds as the investment manager for that relevant Fund (the Investment Managers).

As noted below, the Manager relies on the remuneration policies and procedures of each delegate to ensure that their remuneration structures promote a culture of investor protection and mitigate conflicts of interest.

**Identified Staff**

The Regulations provide that the remuneration policies and practices shall apply to those categories of staff, including senior management, risk takers, control functions and any employee receiving total remuneration that falls within the remuneration bracket of senior management and risk takers whose professional activities have a material impact on the risk profiles of the Funds.

The employees of the Manager are compensated on a monthly basis and are eligible for an annual discretionary bonus scheme. Compensation is reviewed on an annual basis where bonus entitlements may be disclosed, and are largely dependent upon the performance of the individual staff member (and ascertained via performance reviews).

Bonuses for each financial year will be paid in a mixture of cash and restricted equity in the Manager’s ultimate parent. The relative balance between cash and equity will depend on the seniority of the role, but will typically comprise at least 10% to be paid in restricted equity. Bonuses are determined on the basis of the performance of the HANetf group as a whole, and are not based solely on the performance of the Manager.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**  
**Appendix 1: UCITS V Remuneration Policy (Unaudited) (continued)**

**Identified Staff (continued)**

Pursuant to the letter of appointment between each Director and the Manager, the Directors who are not employees of the HANetf group are paid a fixed director's fee based on an expected number of meetings and the work required to oversee the operations of the Manager, which is considered to be consistent with the powers, tasks, expertise and responsibility of the relevant Directors. The fee payable to each relevant Director is reviewed from time to time, based on the evolution of the Manager's activities and the aggregate fees payable are disclosed in the annual audited accounts and financial statements of the Manager.

The Directors do not receive performance based variable remuneration, therefore avoiding any potential conflicts of interest.

**Delegates of Investment Management Activities**

The Board notes that the ESMA Remuneration Guidelines require the identification of "identified staff" being those categories of staff of the Manager and of any entities to which investment management activities have been delegated by the Manager, whose professional activities have a material impact on the risk profile of the Funds.

The Investment Managers have been appointed to carry out certain investment management functions for the Manager and may have identified staff whose professional activities could have a material impact on the risk profile of the Funds within the meaning of the ESMA Remuneration Guidelines.

Accordingly, the Investment Managers are either considered by the Manager to be subject to equally as effective regulatory requirements on remuneration or will contractually confirm to the Manager that they will comply with the ESMA Remuneration Guidelines.

**Requirement for Remuneration Committee**

Given the internal organisation of the Manager as a UCITS management company and considering the size of the Manager with the limited nature, scope and complexity of the activities of the Manager, it is not considered proportionate for the Manager to set up a remuneration committee. The Board notes that the net assets of the Funds and the legal structure of the Manager as a UCITS management company with a Board of Directors and limited number of employees are factors supporting the view that a remuneration committee would not be considered appropriate for the Manager.

**Disclosure**

The Manager will comply with the disclosure requirements set out in the Regulations. The total amount of remuneration for the financial year paid by the Manager to its staff, the aggregate amount of remuneration broken down by the relevant categories of employees, a description of how the remuneration has been calculated and any material changes to the Remuneration Policy will be disclosed in the Manager's annual audited financial statements.

**Reporting**

The Board has requested that the Investment Managers confirm on an annual basis that there has been no material change to their respective remuneration policies, or if there has been a material change, provide details of those changes to the Board.

**Appropriateness of policy and conflicts of interest**

Given its internal organisation and the limited nature, scale and complexity of the Manager's activities it is considered that the policies described in this document are appropriate for the Manager. Together with the Manager's Conflicts of Interest Policy, the Board considers that there are suitable measures in place to promote effective supervision and risk management.

**Review**

This policy and the implementation thereof will be reviewed by the Board at least annually.

**For the financial year ended 31 March 2023**

**Appendix III: SFDR and Taxonomy**  
**Sustainable Finance Disclosure Regulation (SFDR)**

On 10 March 2021 the Sustainable Finance Disclosure Regulation (EU) 2019/2088 (“SFDR”) came into effect. The prospectus and KIIDs have been updated with the classification of the funds to reflect their level of ESG integration.

The following funds, promote environmental characteristics under Article 8 of the Sustainable Finance Disclosure Regulation (EU 2019/2088) and seeks to track the performance of the Index. Sustainability characteristics and risks are considered as part of the Index selection process. The Index which is stated by the index provider to be screened against environmental, social or governance criteria and any methodology used by the index provider to assess sustainability characteristics and risks of the constituents of the index can be found on the website of the respective index provider.

The following funds have been disclosing under Article 8 from the date indicated below. The environmental and social characteristics being promoted by the Fund were met through the Fund's investment in a portfolio that is primarily made up of securities that comprise the Fund's index, which seeks to give exposure to companies within the investment universe of the index that demonstrate comparatively higher ESG characteristics relative to their peers in the initial index universe. Further disclosure information can also be found for each fund supplements on the company website <https://www.hanetf.com/product-list>.

**Article 8 Funds which are passively managed are as follows:**

AuAg ESG Gold Mining UCITS ETF – (16 June 2021)

Digital Infrastructure and Connectivity UCITS ETF – (1 March 2021)

FMQQ Next Frontier Internet & Ecommerce ESG-S UCITS ETF – (24 November 2021)

Global Online Retail UCITS ETF – (14 December 2021)

HAN-GINS Cloud Technology Equal Weight UCITS ETF – (23 September 2021)

HAN-GINS Indxx Healthcare Megatrend Equal Weight UCITS ETF – (23 September 2021)

HAN-GINS Tech Megatrend Equal Weight UCITS ETF – (20 April 2022)

Solar Energy UCITS ETF – (13 May 2021)

The Travel UCITS ETF – (13 May 2021)

**Article 8 Funds which are actively managed are as follows:**

Saturna AI-Kawthar Global Focused Equity UCITS ETF – (28 October 2021)

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**  
**Appendix III: SFDR and Taxonomy (continued)**

**Sustainable Finance Disclosure Regulation (SFDR) (continued)**

The following Fund is passively managed, promotes environmental characteristics under Article 9 of the Sustainable Finance Disclosure Regulation (EU 2019/2088) and seeks to track the performance of the iClima Global Decarbonisation Enablers Index TR (the "Index").

- iClima Global Decarbonisation Enablers UCITS ETF- (1 September 2021)

iClima Global Decarbonisation Enablers UCITS ETF (CLMA), has been disclosing under article 9 since 1 September 2021 to the year ended 31 March 2023. In seeking to meet its sustainable investment objective, the Fund invests in a portfolio that is primarily made up of securities that comprise the Fund's index. The Index is designed to measure the performance of certain securities from sectors that are focused on decentralisation (of energy generation), digitalisation (of energy consumption and management), decarbonisation (by enabling CO<sub>2</sub>e avoidance) and disruption (away from the traditional model of larger centralised and fossil fuel-based power generation sources usually away from the electrical load), as compared with those of the Solactive GBS Global Markets All Cap Index.

The following Fund is passively managed, promotes environmental characteristics under Article 9 of the Sustainable Finance Disclosure Regulation (EU 2019/2088) and seeks to track the performance of the iClima Distributed Renewable Energy Index TR (the "Index").

**Taxonomy**

The Technical Screening Criteria ("TSC") are either not yet in final form (i.e. in respect of the first two Taxonomy environmental objectives of climate change mitigation and climate change adaptation) or have not yet been developed (i.e. for the other four Taxonomy environmental objectives) and these detailed criteria will require the availability of multiple, specific data points regarding each investment. As at the date hereof, there is insufficient reliable, timely and verifiable data available for the Manager to be able to assess investments using the TSC. While there are investments in the Sub-Funds that are in economic activities that contribute to an environmental objective and may be eligible to be assessed against the TSC, the Manager is not currently in a position to describe:

- a) the extent to which the investments of the Sub-Funds are in economic activities that qualify as environmentally sustainable and are aligned with the Taxonomy Regulation;
- b) the proportion, as a percentage of the Sub-Funds' portfolios, of investments in environmentally sustainable economic activities which are aligned with the Taxonomy Regulation; or
- c) the proportion, as a percentage of the Sub-Funds' portfolios, of enabling and transitional activities (as described in the Taxonomy Regulation).

The Manager is keeping this situation under active review and where sufficient reliable, timely and verifiable data on the Sub-Funds' investments become available, the Manager will provide the descriptions referred to above, in which case this Prospectus or the Relevant Supplement will be updated. Until then, the Fund is not aligned with the Taxonomy and the investments underlying the Fund do not take into account the EU criteria for environmentally sustainable activities.

All other funds mentioned in the financial statements have been classified as article 6 funds. The investments underlying these financial products do not take into account the EU criteria for environmentally sustainable economic activities.

**Legal entity identifier:** 254900SIRXJ7ETFNQS70

## Environmental and/or social characteristics

### Did this financial product have a sustainable investment objective?

Yes

No

It made **sustainable investments with an environmental objective:** \_\_\_\_%

It promoted **Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of \_\_\_\_% of sustainable investments

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It made **sustainable investments with a social objective:** \_\_\_\_%

It promoted E/S characteristics, but **did not make any sustainable investments**

### To what extent were the environmental and/or social characteristics by this financial product met?

*The Sub-Fund promoted, among other characteristics, environmental and social characteristics by tracking the Solactive AuAg ESG Gold Mining Index (the Index). The Sub-Fund adopted a “passive management” investment strategy and will seek to employ a replication methodology, meaning as far as possible and practicable, it invested in all of the securities in proportion to the weightings comprising the Index, which is comprised of a global investable universe of publicly listed companies active in the gold mining industry that have low environmental, social and governance (ESG) risk characteristics.*

**Sustainable investment** means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852 establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

**Sustainability indicators** measure how the sustainable objectives of this financial product are attained.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*The selection criteria for inclusion in the Index universe requires that companies comply with the UN Global Compact principles. The selected companies are then ranked by their ESG score, based on the ESG risk assigned to it, from lowest to highest. The ESG risk rating is measured by reference to the Company's exposure to material ESG issues (MEIs) and its preparedness and track record in managing its exposure to MEIs through an assessment of its policies, programs, management systems and controversies is then measured. Examples of MEIs include corporate governance, business ethics, bribery and corruption, carbon emissions from own operations, carbon emissions from products and services, human capital, occupational health and safety, land use and biodiversity and emissions, effluents and waste.*

● ***How did the sustainability indicators perform?***

Indicator	Description	Performance (as at 31.03.2023)
Violations of the UN Global Compact principles	The percentage of the portfolio's market value exposed to companies categorised as having one or more severe controversies related to the United Nations Global Compact principles.	4.84%

● ***...and compared to previous periods?***

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund is effective, no comparatives are presented.*

● ***What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?***

*N/A – The Sub-Fund did not commit to holding sustainable investments during the reference period. Please note that certain sustainable investments may form part of the Sub-Fund's investment portfolio.*

● ***How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?***

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*How were the indicators for adverse impacts on sustainability factors taken into account?*

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN*

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*Guiding Principles on Business and Human Rights?*  
*Details:*

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.*

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the Union criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the Union criteria for environmentally sustainable economic activities.

*Any other sustainable investments must also not significantly harm any environmental or social objectives.*

**Principal adverse impacts** are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti- corruption and anti- bribery matters.

**How did this financial product consider principal adverse impacts on sustainability factors?**

*During the financial year, the Manager elected not to consider the principal adverse impacts (PAIs) of the investment decisions taken on behalf of the Sub-Fund on sustainability factors in the manner contemplated by Article 4(1)(a) of the SFDR.*

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**What were the top investments of this financial product?**

Largest investments	Sector	% Assets	Country
OSISKO GOLD ROYALTIES LTD	Materials	4.97%	Canada

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: **as of 31<sup>st</sup> March 2023**

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**  
**What was the proportion of sustainability-related investments?**

**Asset allocation** describes the share of investments in specific assets.

● **What was the asset allocation?**

**#1 Aligned with E/S characteristics** includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

**#2 Other** includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

*During the financial year 98.16% of the Sub-Fund's net assets were aligned with the promoted environmental characteristics. The remaining proportion of the Sub-Fund's investments included ancillary liquid assets and money market instruments and derivatives which were used for efficient portfolio management purposes.*

● **In which economic sectors were the investments made?**

Sector	weight
Materials	98.16%

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were sustainable investments with an environmental objective aligned with the EU Taxonomy?**

*The Sub-Fund does not commit to a minimum of sustainable investments aligned with the EU taxonomy. None of the Sub-Fund's investments were aligned with EU Taxonomy.*

**Did this financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?**

Yes:

In fossil gas     In nuclear energy

No

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

1. Taxonomy-alignment of investments including sovereign bonds\*

2. Taxonomy-alignment of investments excluding sovereign bonds\*

\*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures

**What was the share of investments made in transitional and enabling activities?**

*The Sub-Fund has not committed a minimum proportion of investments to transitional and enabling activities.*

To comply with the EU Taxonomy, the criteria for fossil gas include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For nuclear energy, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective

**Transitional activities are economic activities** for which low-carbon alternatives are not yet available and that have greenhouse gas emission levels corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

● ***How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?***

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund is effective, no comparatives are presented.*

**What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund are effective, no comparatives are presented.*

**What was the share of socially sustainable investments?**

*N/A – this section is not applicable for this Sub-Fund as it did not commit to holding sustainable investments during the reference period.*

**What investments were included under “Other”, what was their purpose and were there any minimum environmental or social safeguards?**

*The investments under “#2 Other” also included companies which were constituents of the Index but which were not aligned with the environmental and social characteristics promoted by the Sub-Fund or for which sufficient ESG data was unavailable.*

**What actions have been taken to meet the environmental and/or social characteristics during the reference period?**

*The investment objective of the Sub-Fund was to track the price and the performance, before fees and expenses, of an index that provides exposure to companies that generate their revenues from the gold mining industry which includes drilling, geological assessment, financing, development, extraction, initial refinement and delivery of gold ore.. The selection criteria for inclusion in the Index universe requires that companies comply with the UN Global Compact principles. The selected companies are then ranked by their ESG score, based on the ESG risk assigned to it, from lowest to highest. The ESG risk rating is measured by reference to the Company's exposure to material ESG issues (MEIs) and its preparedness and track record in managing its exposure to MEIs through an assessment of its policies, programs, management systems and controversies is then measured. Examples of MEIs include corporate governance, business ethics, bribery and corruption, carbon emissions from own operations, carbon emissions from products and services, human capital, occupational health and safety, land use and biodiversity and emissions, effluents and waste.*

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under the EU Taxonomy.

**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*Investors should note that whilst the Sub-Fund and the Index sought to ensure compliance with such criteria at each rebalancing or review date, between these reviews or rebalances, securities which no longer met these criteria could remain included in the Index until they were removed at the subsequent rebalancing or review.*

**How did this financial product perform compared to the reference benchmark?**

*For the reference period the Sub-Fund has designated the benchmark index as a reference benchmark for the purpose of meeting the environmental or social characteristics promoted by the Sub-Fund. The performance of the Sub-Fund compared to the benchmark index is outlined below.*

● ***How does the reference benchmark differ from a broad market index?***

*The reference benchmark index provides exposure to a subset of the broad market index and excludes issuers that do not meet its ESG selection criteria from its index. This would differ from a broad market index that may not apply these criteria.*

● ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

*The Sub-Fund achieved the environmental and social characteristics it promoted by replicating the constituents of its benchmark index.*

**Reference benchmarks** are indexes to measure whether the financial product attains the sustainable objective.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

● ***How did this financial product perform compared with the reference benchmark?***

*The Sub-Fund performed in line with the reference benchmark. Differences can be caused by variations in the ESG Data Provider's methodologies versus that used for the Reference Index . ESG Data for the Sub-Fund is sourced from the issuer's ESG Data Provider, Clarity AI. The Reference Index data is sourced from Minerva Analytics.*

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were the environmental and/or social characteristics by this financial product met?**

*The Sub-Fund promoted, among other characteristics, environmental and social characteristics by tracking the FMQQ Next Frontier Internet & Ecommerce ESG Screened Index™ (the Index). The Sub-Fund adopted a “passive management” investment strategy and will seek to employ a replication methodology, meaning as far as possible and practicable, it invested in all of the securities in proportion to the weightings comprising the Index, which is comprised of a global investable universe of publicly listed companies which have exposure to internet and ecommerce related activities in emerging and frontier markets excluding China. The Index methodology excludes companies which do not comply with UN Global Compact principles any operational business involvement in the fields of fossil fuels, controversial weapons, conventional weapons or tobacco production from the Index.*

**Sustainability indicators** measure how the sustainable objectives of this financial product are attained.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

● ***How did the sustainability indicators perform?***

Indicator	Description	Performance (as at 31.03.2023)
Violations of the UN Global Compact principles	The percentage of the portfolio's market value exposed to companies categorised as having one or more severe controversies related to the United Nations Global Compact principles.	0.00%
Exposure to Conventional Weapons	The percentage of the portfolio's market value to companies deriving more than 10% of revenues from the production and distribution of conventional weapons	0.00%
Exposure to Fossil Fuels	The percentage of the portfolio's market value exposed to companies deriving more than 30% revenue from exploration, mining or refining of fossil fuels.	6.95%
Exposure to Controversial Weapons	The percentage of the portfolio's market value exposed to companies involved in development, production, maintenance and trade of controversial weapons.	0.00%
Exposure to Tobacco	The percentage of the portfolio's market value exposed to companies involved with the distribution and/or retail sale of tobacco products.	0.00%

● *...and compared to previous periods?*

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund is effective, no comparatives are presented.*

● *What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?*

*N/A – The Sub-Fund did not commit to holding sustainable investments during the reference period. Please note that certain sustainable investments may form part of the Sub-Fund’s investment portfolio.*

● *How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?*

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*How were the indicators for adverse impacts on sustainability factors taken into account?*

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights?  
Details:*

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.*

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the Union criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the Union criteria for environmentally sustainable economic activities.

*Any other sustainable investments must also not significantly harm any environmental or social objectives.*

**Principal adverse impacts** are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti- corruption and anti- bribery matters.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**How did this financial product consider principal adverse impacts on sustainability factors?**

*During the financial year, the Manager elected not to consider the principal adverse impacts (PAIs) of the investment decisions taken on behalf of the Sub-Fund on sustainability factors in the manner contemplated by Article 4(1)(a) of the SFDR.*

**What were the top investments of this financial product?**

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: **As of 31<sup>st</sup> March 2023**

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**  
**What was the proportion of sustainability-related investments?**

**Asset allocation** describes the share of investments in specific assets.

● **What was the asset allocation?**

**#1 Aligned with E/S characteristics** includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

**#2 Other** includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

*During the financial year 99.89% of the Sub-Fund's net assets were aligned with the promoted environmental characteristics. The remaining proportion of the Sub-Fund's investments included ancillary liquid assets and money market instruments and derivatives which were used for efficient portfolio management purposes.*

● **In which economic sectors were the investments made?**

Sector	Weight
Communication Services	36.92%
Consumer Discretionary	28.96%
Financials	18.97%
Energy	6.95%
Industrials	2.87%
Information Technology	2.58%

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were sustainable investments with an environmental objective aligned with the EU Taxonomy?**

*The Sub-Fund does not commit to a minimum of sustainable investments aligned with the EU taxonomy. None of the Sub-Fund's investments were aligned with EU Taxonomy.*

**Did this financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?**

Yes:

In fossil gas     In nuclear energy

No

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

1. Taxonomy-alignment of investments including sovereign bonds\*

2. Taxonomy-alignment of investments excluding sovereign bonds\*

\*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures

**What was the share of investments made in transitional and enabling activities?**

*The Sub-Fund has not committed a minimum proportion of investments to transitional and enabling activities.*

To comply with the EU Taxonomy, the criteria for fossil gas include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For nuclear energy, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective

**Transitional activities are economic activities** for which low-carbon alternatives are not yet available and that have greenhouse gas emission levels corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

- ***How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?***

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund is effective, no comparatives are presented.*

**What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund are effective, no comparatives are presented.*

**What was the share of socially sustainable investments?**

*N/A – this section is not applicable for this Sub-Fund as it did not commit to holding sustainable investments during the reference period.*

**What investments were included under “Other”, what was their purpose and were there any minimum environmental or social safeguards?**

*The investments under “#2 Other” also included companies which were constituents of the Index but which were not aligned with the environmental and social characteristics promoted by the Sub-Fund or for which sufficient ESG data was unavailable.*

**What actions have been taken to meet the environmental and/or social characteristics during the reference period?**

*The investment objective of the Sub-Fund was to track the price and the performance, before fees and expenses, of an index that provides exposure to companies that have exposure to internet and ecommerce related activities in emerging and frontier markets excluding China. The Index methodology excludes companies which do not comply with UN Global Compact principles any operational business involvement in the fields of fossil fuels, controversial weapons, conventional weapons or tobacco production from the Index. Investors should note that whilst the Sub-Fund and the Index sought to ensure compliance with such criteria at each rebalancing or review date, between these reviews or rebalances, securities which no longer met these criteria could remain included in the Index until they were removed at the subsequent rebalancing or review.*

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under the EU Taxonomy.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**How did this financial product perform compared to the reference benchmark?**

*For the reference period the Sub-Fund has designated the benchmark index as a reference benchmark for the purpose of meeting the environmental or social characteristics promoted by the Sub-Fund. The performance of the Sub-Fund compared to the benchmark index is outlined below.*

● ***How does the reference benchmark differ from a broad market index?***

*The reference benchmark index provides exposure to a subset of the broad market index and excludes issuers that do not meet its ESG selection criteria from its index. This would differ from a broad market index that may not apply these criteria.*

● ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

*The Sub-Fund achieved the environmental and social characteristics it promoted by replicating the constituents of its benchmark index.*

● ***How did this financial product perform compared with the reference benchmark?***

*The Sub-Fund performed in line with the reference benchmark. Differences can be caused by variations in the ESG Data Provider's methodologies versus that used for the Reference Index . ESG Data for the Sub-Fund is sourced from the issuer's ESG Data Provider, Clarity AI. The Reference Index data is sourced from Minerva Analytics.*

**Reference benchmarks** are indexes to measure whether the financial product attains the sustainable objective.

## Environmental and/or social characteristics

**Did this financial product have a sustainable investment objective?**

Yes

No

It made **sustainable investments with an environmental objective:** \_\_\_\_%

It promoted **Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of \_\_\_\_% of sustainable investments

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It made **sustainable investments with a social objective:** \_\_\_\_%

It promoted E/S characteristics, but **did not make any sustainable investments**

**Sustainable investment** means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852 establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

**Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852**

**Product name:** HAN-GINS Cloud Technology Equal Weight UCITS ETF (“the Sub-Fund”)  
**Legal entity identifier:** 254900UZ7VNRR9QPTQ96

**Sustainable investment** means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852 establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

## Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> <input type="radio"/> <input type="checkbox"/> <b>Yes</b>	<input type="radio"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <b>No</b>

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were the environmental and/or social characteristics by this financial product met?**

*The Sub-Fund promoted, among other characteristics, environmental and social characteristics by tracking the Solactive Cloud Technology Equal Weight Index (the Index). The Sub-Fund adopted a “passive management” investment strategy and will seek to employ a replication methodology, meaning as far as possible and practicable, it invested in all of the securities in proportion to the weightings comprising the Index, which is comprised of a global investable universe of publicly listed companies that are active, or expected to be active, in the field of cloud computing. The Index methodology excluded companies which do not comply with UN Global Compact principles any operational business involvement in the fields of fossil fuels, oil sands or controversial weapons from the Index.*

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

● ***How did the sustainability indicators perform?***

Indicator	Description	Performance (as at 31.03.2023)
Violations of the UN Global Compact principles	The percentage of the portfolio's market value exposed to companies categorised as having one or more severe controversies related to the United Nations Global Compact principles.	0.00%
Exposure to Oil Sands	The percentage of the portfolio's market value exposed to companies with oil sand extraction revenue >10% and companies deriving >30% of their total oil equivalent production from oil sands	0.00%
Exposure to Fossil Fuels	The percentage of the portfolio's market value exposed to companies deriving more than 10% revenue from exploration, mining or refining of fossil fuels.	0.00%
Exposure to Controversial Weapons	The percentage of the portfolio's market value exposed to companies involved in development, production, maintenance and trade of controversial weapons.	0.00%

● ***...and compared to previous periods?***

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund are effective, no comparatives are presented.*

● ***What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?***

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*N/A – The Sub-Fund did not commit to holding sustainable investments during the reference period. Please note that certain sustainable investments may form part of the Sub-Fund’s investment portfolio.*

***How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?***

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*How were the indicators for adverse impacts on sustainability factors taken into account?*

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights?  
Details:*

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

**Principal adverse impacts** are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti- corruption and anti- bribery matters.

*The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.*

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the Union criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the Union criteria for environmentally sustainable economic activities.

*Any other sustainable investments must also not significantly harm any environmental or social objectives.*

**How did this financial product consider principal adverse impacts on sustainability factors?**

*During the financial year, the Manager elected not to consider the principal adverse impacts (PAIs) of the investment decisions taken on behalf of the Sub-Fund on sustainability factors in the manner contemplated by Article 4(1)(a) of the SFDR.*

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: **as of 31<sup>st</sup> March 2023**

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**  
**What was the proportion of sustainability-related investments?**

**Asset allocation**  
describes the share of investments in specific assets.

● **What was the asset allocation?**

**#1 Aligned with E/S characteristics** includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

**#2 Other** includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

*During the financial year 99.91% of the Sub-Fund's net assets were aligned with the promoted environmental characteristics. The remaining proportion of the Sub-Fund's investments included ancillary liquid assets and money market instruments and derivatives which were used for efficient portfolio management purposes.*

● **In which economic sectors were the investments made?**

Sector	weight
Information Technology	86.41%
Communication Services	5.96%
Consumer Discretionary	2.71%
Health Care	1.29%
Real Estate	1.25%

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were sustainable investments with an environmental objective aligned with the EU Taxonomy?**

*The Sub-Fund does not commit to a minimum of sustainable investments aligned with the EU taxonomy. None of the Sub-Fund's investments were aligned with EU Taxonomy.*

**Did this financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?**

Yes:

In fossil gas     In nuclear energy

No

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

1. Taxonomy-alignment of investments including sovereign bonds\*

2. Taxonomy-alignment of investments excluding sovereign bonds\*

*\*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures*

**What was the share of investments made in transitional and enabling activities?**

*The Sub-Fund has not committed a minimum proportion of investments to transitional and enabling activities.*

To comply with the EU Taxonomy, the criteria for fossil gas include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For nuclear energy, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective

**Transitional activities are economic activities** for which low-carbon alternatives are not yet available and that have greenhouse gas emission levels corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

- ***How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?***

*N/A As this is the first reference period that the periodic disclosure for this Sub-Fund are effective no comparatives are presented*

**What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

*N/A – this section is not applicable for this Sub-Fund as it did not commit to holding sustainable investments during the reference period.*

**What was the share of socially sustainable investments?**

*N/A – this section is not applicable for this Sub-Fund as it did not commit to holding sustainable investments during the reference period.*

**What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?**

*The investments under "#2 Other" also included companies which were constituents of the Index but which were not aligned with the environmental and social characteristics promoted by the Sub-Fund or for which sufficient ESG data was unavailable.*

**What actions have been taken to meet the environmental and/or social characteristics during the reference period?**

*The investment objective of the Sub-Fund was to track the price and the performance, before fees and expenses, of an index that provides exposure to companies that are active, or expected to be active, in the field of cloud computing. The Index methodology excludes companies which do not comply with UN Global Compact principles any operational business involvement in the fields of fossil fuels, oil sands or controversial weapons from the Index.. Investors should note that whilst the Sub-Fund and the Index sought to ensure compliance with such criteria at each rebalancing or review date, between these reviews or rebalances, securities which no longer met these criteria could remain included in the Index until they were removed at the subsequent rebalancing or review.*

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under the EU Taxonomy.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**How did this financial product perform compared to the reference benchmark?**

*For the reference period the Sub-Fund has designated the benchmark index as a reference benchmark for the purpose of meeting the environmental or social characteristics promoted by the Sub-Fund. The performance of the Sub-Fund compared to the benchmark index is outlined below.*

● ***How does the reference benchmark differ from a broad market index?***

*The reference benchmark index provides exposure to a subset of the broad market index and excludes issuers that do not meet its ESG selection criteria from its index. This would differ from a broad market index that may not apply these criteria.*

● ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

*The Sub-Fund achieved the environmental and social characteristics it promoted by replicating the constituents of its benchmark index.*

***How did this financial product perform compared with the reference benchmark?***

*The Sub-Fund performed in line with the reference benchmark. Differences can be caused by variations in the ESG Data Provider's methodologies versus that used for the Reference Index . ESG Data for the Sub-Fund is sourced from the issuer's ESG Data Provider, Clarity AI. The Reference Index data is sourced from Minerva Analytics.*

**Reference benchmarks** are indexes to measure whether the financial product attains the sustainable objective.

**For the financial year ended 31 March 2023**

**Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852**

**Product name:** HAN-GINS Tech Megatrend Equal Weight UCITS ETF (“the Sub-Fund”)

**Legal entity identifier:** 2549004ADV2AUQOHRD36

## Environmental and/or social characteristics

**Did this financial product have a sustainable investment objective?**

Yes

No

It made **sustainable investments with an environmental objective:** \_\_\_%

It promoted **Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of \_\_\_% of sustainable investments

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It made **sustainable investments with a social objective:** \_\_\_%

It promoted E/S characteristics, but **did not make any sustainable investments**

**Sustainable investment** means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852 establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were the environmental and/or social characteristics by this financial product met?**

*The Sub-Fund promoted, among other characteristics, environmental and social characteristics by tracking the Solactive Innovative Technologies Index (the Index). The Sub-Fund adopted a “passive management” investment strategy and will seek to employ a replication methodology, meaning as far as possible and practicable, it invested in all of the securities in proportion to the weightings comprising the Index, which is comprised of a global investable universe of publicly listed companies that are involved in innovative and disruptive technological trends across a broad range of industries. The Index methodology excluded companies that fail the screening process for compliance with UN Global Compact principles, in addition to any operational business involvement in the fields of controversial weapons, conventional weapons, tobacco or thermal coal from selection for the Index.*

**Sustainability indicators** measure how the sustainable objectives of this financial product are attained.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

● *How did the sustainability indicators perform?*

Indicator	Description	Performance (as at 31.03.2023)
Violations of the UN Global Compact principles	The percentage of the portfolio's market value exposed to companies categorised as having one or more severe controversies related to the United Nations Global Compact principles.	1.88 %
Exposure to Thermal Coal	The percentage of the portfolio's market value exposed to companies with thermal coal revenue >10% and companies deriving >30% of their total operations on thermal coal	0.00%
Exposure to Controversial Weapons	The percentage of the portfolio's market value exposed to companies involved in development, production, maintenance and trade of controversial weapons.	0.00%
Exposure to Tobacco	The percentage of the portfolio's market value exposed to companies involved with the distribution and/or retail sale of tobacco products.	0.00%

● *...and compared to previous periods?*

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund are effective, no comparatives are presented.*

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: **as of 31<sup>st</sup> March 2023**

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**  
**What was the proportion of sustainability-related investments?**

**Asset allocation** describes the share of investments in specific assets.

● **What was the asset allocation?**

**#1 Aligned with E/S characteristics** includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

**#2 Other** includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

*During the financial year 99.81% of the Sub-Fund's net assets were aligned with the promoted environmental characteristics. The remaining proportion of the Sub-Fund's investments included ancillary liquid assets and money market instruments and derivatives which were used for efficient portfolio management purposes.*

● **In which economic sectors were the investments made?**

Sector	weight
Information Technology	41.78%
Communication Services	23.11%
Health Care	12.09%
Consumer Discretionary	11.75%
Industrials	3.88%
Financials	2.7%
Utilities	0.9%
Real Estate	0.81%
Materials	0.75%

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were sustainable investments with an environmental objective aligned with the EU Taxonomy?**

*The Sub-Fund does not commit to a minimum of sustainable investments aligned with the EU taxonomy. However, 3% of the Sub-Fund's portfolio was aligned with EU Taxonomy*

**Did this financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?**

- Yes:
  - In fossil gas
  - In nuclear energy
- No

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

**1. Taxonomy-alignment of investments including sovereign bonds\***

**2. Taxonomy-alignment of investments excluding sovereign bonds\***

*\*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures*

**What was the share of investments made in transitional and enabling activities?**

*While the Sub-Fund has not committed a minimum proportion of investments to transitional and enabling activities, during the reference period 2.85% was invested through enabling activities only.*

To comply with the EU Taxonomy, the criteria for fossil gas include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For nuclear energy, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective

**Transitional activities are economic activities** for which low-carbon alternatives are not yet available and that have greenhouse gas emission levels corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure (CapEx)** showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure (OpEx)** reflecting green operational activities of investee companies.

## Sustainable investment objective

**Did this financial product have a sustainable investment objective?**

**Yes**

**No**

It made **sustainable investments with an environmental objective: 97.85%**

It promoted **Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of \_\_\_% of sustainable investments

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It made **sustainable investments with a social objective: \_\_\_%**

It promoted E/S characteristics, but **did not make any sustainable investments**

### **To what extent was the sustainable investment objective of this financial product met?**

*The Sub-Fund has the sustainable investment objective of promoting investment, using a data and research-based approach, in publicly listed companies with products and services that enable CO2e avoidance. The Sub-Fund achieves this by tracking the iClima Global Decarbonisation Enablers Index (the Index) that provides exposure to the performance of companies involved in the enablement of CO2e avoidance. Avoidance is defined as emission reductions that occur as a result of a product or service that provides the same or similar function as existing products in the marketplace but with significantly less greenhouse gas (GHG) emissions, or enables emission reductions of a third party, as defined by the Greenhouse Gas Protocol of 2019 and Mission Innovation’s Avoided Emissions Framework. The Index includes securities from sectors including green*

**Sustainable investment** means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852 establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*energy, green transportation, water and waste improvements, decarbonisation enabling solutions and sustainable products. The methodology developed by the Index Sponsor was inspired by the work of Project Drawdown.*

*Project Drawdown identified technologically viable, existing solutions to global warming that would help the world reduce GHG. By focusing on companies with these solutions, the Index Sponsor brings a focus to the companies with products and services that provide emissions avoidance.*

● ***How did the sustainability indicators perform?***

Indicator	Description	Performance (as at 31.03.2023)
Violations of the UN Global Compact principles	The percentage of the portfolio's market value exposed to companies categorised as having one or more severe controversies related to the United Nations Global Compact principles.	1.51%
Exposure to Coal Mining	The percentage of the portfolio's market value exposed to companies with coal exploration or processing activities	0.00%
Exposure to Conventional Weapons	The percentage of the portfolio's market value exposed to companies deriving more than 10% revenue from conventional weapons	0.00%
Exposure to Controversial Weapons	The percentage of the portfolio's market value exposed to companies involved in development, production, maintenance and trade of controversial weapons.	0.00%

● ***...and compared to previous periods?***

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund are effective, no comparatives are presented.*

***How did the sustainable investments not cause significant harm to any sustainable investment objective?***

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*All companies are subject to a negative screening test where rules define activities that companies in the Index cannot be exposed to as follows:*

*(a) companies engaged in oil exploration are excluded; however the Index Sponsor takes into account the following:*

*(i) companies that manufacture back up power products that run on diesel or natural gas have a revenue threshold of 50% of total sales;*

*(ii) there is a cap on revenues at 1% for companies that have peak generators that run on diesel;*

*(iii) land property that is leased for exploration & production activities that are owned and operated by a third party are acceptable; and*

*(iv) diesel blended with biofuel is acceptable.*

*(b) companies which have any exposure to non-conventional weapons are excluded. Specific segments that are completely unacceptable include nuclear weapons or systems, chemical or biological weapons, landmine, cluster bombs, or depleted uranium weapons. Companies with sales of components that are then used by its customers for the production of conventional military weapons must have a revenue derived from such customers below 10%.*

*The Index Sponsor also includes the following considerations in its analysis:*

*(a) nuclear energy is not defined as a desirable solution, however companies that are predominantly renewable energy generators that have less than 20% of revenues derived from nuclear energy are included;*

*(b) companies with any revenue from coal are excluded; however renewable energy companies with less than 1% revenue from coal fired power plants are included;*

*(c) power generating companies that are predominantly renewable energy must have less than 50% of revenue derived from natural gas to be included;*

*(d) in the electric vehicle sub-segment, automotive makers must have internal combustion engine sales representing less than 40% of total revenue to be included; and*

*(e) companies with revenues over 1% from direct alcohol production (spirit, beer or wine), adult entertainment, gambling and tobacco production and sale are not allowed.:*

*Companies in the Index universe are also subject to a final screening in terms of several indicators that provide additional evidence of relevant sustainability and ESG aspects of their operations:*

*(a) climate and other environmental related aspects;*

*(b) social and employee, respect for human rights, anti-bribery and anti-corruption.*

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*The indicators that are exclusionary in nature are those referring to elimination of all forms of forced and compulsory labour and effective abolition of child labour (as defined by the UN Global Compact).*

*The non-exclusionary additional indicators are used to reveal the companies with practices that are in line with higher sustainability objectives and the companies that do not reach specific parameters.*

**Principal adverse impacts** are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

*How were the indicators for adverse impacts on sustainability factors taken into account?*

*The Index incorporates PAI indicators by using data derived from a third-party data provider, Standard & Poor's Financial Services LLC (S&P). Currently, S&P has 82% coverage of the Index Sponsor's universe of companies, with ongoing plans to increase this coverage. For these companies, the Index considers 17 out of the 18 mandatory indicators currently, with the last expected to be in S&P's data set in 2023. Of the PAI mandatory indicators, the data set also includes 19 of the 46 opt-in indicators for the companies covered.*

*Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights?*

*The Index assesses alignment with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights primarily through the use of the S&P data set, specifically with respect to mandatory indicator 10 (Violations of UN Global Compact principles and Organisation for Economic Share of investments in investee companies that have been involved in violations of the UNGC principles or OECD Guidelines for Multinational EN 9 EN Cooperation and Development (OECD) Guidelines for Multinational Enterprises) and 11 (Lack of processes and compliance mechanisms to monitor compliance with UN Global Compact principles and OECD Guidelines for Multinational Enterprises).*

**How did this financial product consider principal adverse impacts on sustainability factors?**

*During the financial year, the Manager elected not to consider the principal adverse impacts (PAIs) of the investment decisions taken on behalf of the Sub-Fund on sustainability factors in the manner contemplated by Article 4(1)(a) of the SFDR.*

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were sustainable investments with an environmental objective aligned with the EU Taxonomy?**

*For the reference period, 23.43% of the Sub-Fund's portfolio was aligned with the EU Taxonomy.*

**Did this financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?**

Yes:

In fossil gas     In nuclear energy

No

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

1. Taxonomy-alignment of investments including sovereign bonds\*

2. Taxonomy-alignment of investments excluding sovereign bonds\*

*\*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures*

**What was the share of investments made in transitional and enabling activities**

*While the Sub-Fund has not committed a minimum proportion of investments to transitional and enabling activities, 15.1% was invested through enabling activities only.*

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective

**Transitional activities are economic activities** for which low-carbon alternatives are not yet available and that have greenhouse gas emission levels corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure (CapEx)** showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure (OpEx)** reflecting green operational activities of investee companies.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under the EU Taxonomy.

● **How did the percentage of investments aligned with the EU Taxonomy compare with previous reference periods?**

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund are effective, no comparatives are presented.*

**What was the share of sustainable investments with an environmental objective that were not aligned with the EU Taxonomy?**

*The share of sustainable investments with an environmental objective that were not aligned with the EU Taxonomy was 74.42%.*

**What was the share of socially sustainable investments?**

*Socially sustainable investments not part of the Sub-Fund's objective. However, social sustainability is incorporated into the analysis through the use of the UN Global Compact Indicator.*

**What investments were included under “not sustainable”, what was their purpose and were there any minimum environmental or social safeguards?**

*The Sub-Fund predominantly makes investments that are sustainable investments (#1 Sustainable). Those investments included under “#2 Other”, may include ancillary liquid assets, money market instruments, investments in ETFs authorised as UCITS, futures, currency swaps and currency forwards. It may also include securities which no longer meet the sustainability criteria described above but will not be removed from the Index until the next Index rebalance. There are no minimum environmental or social safeguards.*

**What actions have been taken to attain the sustainable investment objective during the reference period?**

*The Sub-Fund selects a universe of companies based on Project Drawdown-identified sectors. Global publicly listed companies within these sectors are then analysed and assessed according to the percentage of their most recent annual revenue that aligns with that sector to determine the extent of their 'green' activities.*

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

Reference benchmarks are indexes to measure whether the financial product attains the sustainable objective.

*Negative screens are applied to exclude companies that exceed thresholds for activities such as nuclear, armament, O&G, coal, alcohol/gambling/adult entertainment; thresholds vary but for instance exploration and production/generation of coal has a 0% revenue test threshold.*

*The UN Global Compact is incorporated into the analysis to flag breaches of social and governance factors as well. The investor relations department of the majority of the companies in the Sub-Fund are contacted to provide greater detail and granularity.*

**How did this financial product perform compared to the reference sustainable benchmark?**

*For the reference period the Sub-Fund has designated the benchmark index as a reference benchmark for the purpose of meeting the environmental or social characteristics promoted by the Sub-Fund. The performance of the compared to the benchmark index is outlined below.*

● ***How did the reference benchmark differ from a broad market index?***

*The reference benchmark index provides exposure to a subset of the broad market index and excludes issuers that do not meet its ESG selection criteria from its index. This would differ from a broad market index that may not apply these criteria*

● ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the sustainable investment objective?***

*The Sub-Fund achieved the environmental and social characteristics it promoted by replicating the constituents of its benchmark index.*

***How did this financial product perform compared with the reference benchmark?***

*The Sub-Fund performed in line with the reference benchmark. Differences can be caused by variations in the ESG Data Provider's methodologies versus that used for the Reference Index. ESG Data for the Sub-Fund is sourced from the issuer's ESG Data Provider, Clarity AI. The Reference Index data is sourced from S&P Trucost.*

## Environmental and/or social characteristics

**Did this financial product have a sustainable investment objective?**

**Yes**

**No**

It made **sustainable investments with an environmental objective:** \_\_\_\_%

It promoted **Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of \_\_\_\_% of sustainable investments

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It made **sustainable investments with a social objective:** \_\_\_\_%

It promoted E/S characteristics, but **did not make any sustainable investments**

**Sustainable investment** means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852 establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were the environmental and/or social characteristics by this financial product met?**

*The Sub-Fund promoted, among other characteristics, environmental and social characteristics by adopting an actively managed investment strategy for a portfolio of global publicly listed companies that comply with the Principles of Shariah Investment and have in place robust policies in the areas of the environmental, social and governance. The Investment Manager uses an internally developed ESG rating system to identify companies that demonstrate these sustainable characteristics. The Investment Manager will exclude companies that are engaged in business activity such as alcohol, tobacco, pornography, weapons, gambling and fossil fuel extraction.*

**Sustainability indicators** measure how the sustainable objectives of this financial product are attained.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

● ***How did the sustainability indicators perform?***

Indicator	Description	Performance (as at 31.03.2023)
Exposure to Alcohol	The percentage of the portfolio's market value exposed to companies that derive more than 5% of their revenues from Tobacco	0.00%
Exposure to Tobacco	The percentage of the portfolio's market value exposed to companies that derive more than 5% of their revenues from Tobacco	0.00%
Exposure to pork-related products	The percentage of the portfolio's market value exposed to companies that derive more than 5% of their revenues from pork-related products	0.00%
Exposure to Controversial Weapons	The percentage of the portfolio's market value exposed to companies that derive more than 5% of their revenues from controversial weapons	1.62%
Exposure to Gambling	The percentage of the portfolio's market value exposed to companies that derive more than 5% of their revenues from Gambling activities	0.00%
Exposure to adult entertainment	The percentage of the portfolio's market value exposed to companies that derive more than 5% of their revenues from Adult Entertainment	0.00%

● ***...and compared to previous periods?***

RECKITT BENCKISER GROUP PLC	Consumer Staples	2.65%	United Kingdom

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: as of **31<sup>st</sup> March 2023**

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**  
**What was the proportion of sustainability-related investments?**

**Asset allocation** describes the share of investments in specific assets.

● **What was the asset allocation?**

**#1 Aligned with E/S characteristics** includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

**#2 Other** includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

*During the financial year 93.54% of the Sub-Fund's net assets were aligned with the promoted environmental characteristics. The remaining proportion of the Sub-Fund's investments included ancillary liquid assets in Islamic money market instruments, being Islamic commercial paper or non-interest-bearing Islamic certificates of deposits or deposits with one or more Islamic financial institutions.*

● **In which economic sectors were the investments made?**

Sector	weight
Information Technology	26.75%
Health Care	23.47%
Industrials	16.71%
Consumer Staples	8.15%
Communication Services	7.71%
Materials	5.61%
Consumer Discretionary	5.13%

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were sustainable investments with an environmental objective aligned with the EU Taxonomy?**

*The Sub-Fund does not commit to a minimum of sustainable investments aligned with the EU Taxonomy.*

**Did this financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?**

Yes:

In fossil gas     In nuclear energy

No

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

**1. Taxonomy-alignment of investments including sovereign bonds\***

**2. Taxonomy-alignment of investments excluding sovereign bonds\***

*\*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures*

**What was the share of investments made in transitional and enabling activities?**

*While the Sub-Fund has not committed a minimum proportion of investments to transitional and enabling activities, during the reference period 2.48% of the portfolio was invested in transitional enabling activities.*

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective

**Transitional activities are economic activities** for which low-carbon alternatives are not yet available and that have greenhouse gas emission levels corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

Consumer Discretionary	2.45%
-Other	2.01%

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were sustainable investments with an environmental objective aligned with the EU Taxonomy?**

The Sub-Fund does not commit to a minimum of sustainable investments aligned with the EU taxonomy. However, 75.17% of the Sub-Fund's portfolio was aligned with EU Taxonomy

● **Did this financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?**

Yes:

In fossil gas       In nuclear energy

No

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

1. Taxonomy-alignment of investments including sovereign bonds\*

2. Taxonomy-alignment of investments excluding sovereign bonds\*

\*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures

● **What was the share of investments made in transitional and enabling activities?**

To comply with the EU Taxonomy, the criteria for fossil gas include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For nuclear energy, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective

**Transitional activities are economic activities** for which low-carbon alternatives are not yet available and that have greenhouse gas emission levels corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure (CapEx)** showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure (OpEx)** reflecting green operational activities of investee companies.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*While the Sub-Fund has not committed a minimum proportion of investments to transitional and enabling activities, during the reference period 0.07% of the portfolio was invested in transitional activities and 57.71% was invested through enabling activities.*

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under the EU Taxonomy.

● ***How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?***

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund are effective, no comparatives are presented.*

**What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

N/A – this section is not applicable for this Fund as it did not commit to holding sustainable investments during the reference period.

**What was the share of socially sustainable investments?**

N/A – this section is not applicable for this Fund as it did not commit to holding sustainable investments during the reference period.

**What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?**

*The investments under “#2 Other” also included companies which were constituents of the Index but which were not aligned with the environmental and social characteristics promoted by the Sub-Fund or for which sufficient ESG data was unavailable. Sub-Fund*

**What actions have been taken to meet the environmental and/or social characteristics during the reference period?**

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*The investment objective of the Sub-Fund was to track the price and the performance, before fees and expenses, of an index that provides exposure to companies with a business focus on the solar energy industry. The Index methodology excluded companies which do not comply with UN Global Compact principles or which have any operational business involvement in the fields of oil sands, fossil fuels or controversial weapons from the Index. Investors should note that whilst the Sub-Fund and the Index sought to ensure compliance with such criteria at each rebalancing or review date, between these reviews or rebalances, securities which no longer met these criteria could remain included in the Index until they were removed at the subsequent rebalancing or review.*

**Reference benchmarks** are indexes to measure whether the financial product attains the sustainable objective.

**How did this financial product perform compared to the reference benchmark?**

For the reference period the Fund has designated the benchmark index as a reference benchmark for the purpose of meeting the environmental or social characteristics promoted by the Sub-Fund. The performance of the Sub-Fund compared to the benchmark index is outlined below.

● ***How does the reference benchmark differ from a broad market index?***

The reference benchmark index provides exposure to a subset of the broad market index and excludes issuers that do not meet its ESG selection criteria from its index. This would differ from a broad market index that may not apply these criteria

● ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

The Fund achieved the environmental and social characteristics it promoted by replicating the constituents of its benchmark index. ESG Data for the Sub-Fund is sourced from the issuer’s ESG Data Provider, Clarity AI. The Reference Index data is sourced from Minerva Analytics.

**Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852**

**Product name:** The Travel UCITS ETF (“the Sub-Fund”)

**Legal entity identifier:** 254900G2Y5KGLOJ24B53

## Environmental and/or social characteristics

**Did this financial product have a sustainable investment objective?**

**Yes**

It made **sustainable investments with an environmental objective:** \_\_\_%

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It made **sustainable investments with a social objective:** \_\_\_%

**No**

It promoted **Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of \_\_\_% of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promoted E/S characteristics, but **did not make any sustainable investments**

**Sustainable investment** means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852 establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were the environmental and/or social characteristics by this financial product met?**

*The Sub-Fund promoted, among other characteristics, environmental and social characteristics by tracking the Solactive Travel Index(the Index). The Sub-Fund adopted a “passive management” investment strategy and will seek to employ a replication methodology, meaning as far as possible and practicable, it invested in all of the securities in proportion to the weightings comprising the Index, which is comprised of a global investable universe of publicly listed companies that are in the travel industry. The Index methodology excluded companies which do not comply with UN Global Compact principles any operational business involvement in the fields of controversial weapons, conventional weapons, tobacco or thermal coal from the Index.*

**Sustainability indicators** measure how the sustainable objectives of this financial product are attained.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

● ***How did the sustainability indicators perform?***

Indicator	Description	Performance (as at 31.03.2023)
Violations of the UN Global Compact principles	The percentage of the portfolio's market value exposed to companies categorised as having one or more severe controversies related to the United Nations Global Compact principles.	2.73%
Exposure to Controversial Weapons	The percentage of the portfolio's market value exposed to companies involved in development, production, maintenance and trade of controversial weapons.	0.00%
Exposure to Tobacco	The percentage of the portfolio's market value exposed to companies involved with the distribution and/or retail sale of tobacco products.	0.00%

● ***...and compared to previous periods?***

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund is effective, no comparatives are presented.*

● ***What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?***

*N/A – The Sub-Fund did not commit to holding sustainable investments during the reference period. Please note that certain sustainable investments may form part of the Sub-Fund's investment portfolio.*

● ***How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?***

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*How were the indicators for adverse impacts on sustainability factors taken into account?*

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

*Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:*

*N/A – the Sub-Fund did not commit to holding sustainable investments during the reference period.*

**Principal adverse impacts** are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti- corruption and anti- bribery matters.

*The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.*

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the Union criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the Union criteria for environmentally sustainable economic activities.

*Any other sustainable investments must also not significantly harm any environmental or social objectives.*

**How did this financial product consider principal adverse impacts on sustainability factors?**

*During the financial year, the Manager elected not to consider the principal adverse impacts (PAIs) of the investment decisions taken on behalf of the Sub-Fund on sustainability factors in the manner contemplated by Article 4(1)(a) of the SFDR.*

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**  
**What were the top investments of this financial product?**

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: **31<sup>st</sup> March 2023**

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**  
**What was the proportion of sustainability-related investments?**

**Asset allocation** describes the share of investments in specific assets.

● **What was the asset allocation?**

**#1 Aligned with E/S characteristics** includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

**#2 Other** includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

*During the financial year 99.86% of the Sub-Fund's net assets were aligned with the promoted environmental characteristics. The remaining proportion of the Sub-Fund's investments included ancillary liquid assets and money market instruments and derivatives which were used for efficient portfolio management purposes.*

● **In which economic sectors were the investments made?**

Sector	weight
Consumer Discretionary	53.15%
Industrials	38.3%
Real Estate	7.94%
Communication Services	0.48%

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**To what extent were sustainable investments with an environmental objective aligned with the EU Taxonomy?**

*The Sub-Fund does not commit to a minimum of sustainable investments aligned with the EU taxonomy. None of the Sub-Fund's investments were aligned with EU Taxonomy.*

**Did this financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?**

Yes:

In fossil gas     In nuclear energy

No

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

**1. Taxonomy-alignment of investments including sovereign bonds\***

**2. Taxonomy-alignment of investments excluding sovereign bonds\***

*\*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures*

**What was the share of investments made in transitional and enabling activities?**

*The Sub-Fund has not committed a minimum proportion of investments to transitional and enabling activities.*

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective

**Transitional activities are economic activities** for which low-carbon alternatives are not yet available and that have greenhouse gas emission levels corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

---

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

● ***How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?***

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund are effective, no comparatives are presented.*

**What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

*N/A As this is the first reference period that the periodic disclosure for the Sub-Fund are effective, no comparatives are presented.*

**What was the share of socially sustainable investments?**

*N/A – this section is not applicable for this Sub-Fund as it did not commit to holding sustainable investments during the reference period.*

**What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?**

*The investments under “#2 Other” also included companies which were constituents of the Index but which were not aligned with the environmental and social characteristics promoted by the Sub-Fund or for which sufficient ESG data was unavailable.*

**What actions have been taken to meet the environmental and/or social characteristics during the reference period?**

*The investment objective of the Sub-Fund was to track the price and the performance, before fees and expenses, of an index that provides exposure to companies in the travel industry. The Index methodology excludes companies, which do not comply with UN Global Compact principles any operational business involvement in the fields of controversial weapons, conventional weapons, tobacco or thermal coal from the Index. Investors should note that whilst the Sub-Fund and the Index sought to ensure compliance with such criteria at each rebalancing or review date, between these reviews or rebalances, securities which no longer met these criteria could remain included in the Index until they were removed at the subsequent rebalancing or review.*

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under the EU Taxonomy.

**HANetf ICAV**  
**Annual Report & Audited Financial Statements**  
**For the financial year ended 31 March 2023**

**How did this financial product perform compared to the reference benchmark?**

*For the reference period the Sub-Fund has designated the benchmark index as a reference benchmark for the purpose of meeting the environmental or social characteristics promoted by the Sub-Fund. The performance of the Sub-Fund compared to the benchmark index is outlined below.*

● ***How does the reference benchmark differ from a broad market index?***

*The reference benchmark index provides exposure to a subset of the broad market index and excludes issuers that do not meet its ESG selection criteria from its index. This would differ from a broad market index that may not apply these criteria.*

● ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

*The Sub-Fund achieved the environmental and social characteristics it promoted by replicating the constituents of its benchmark index.*

● ***How did this financial product perform compared with the reference benchmark?***

*The Sub-Fund performed in line with the reference benchmark. Differences can be caused by variations in the ESG Data Provider's methodologies versus that used for the Reference Index . ESG Data for the Sub-Fund is sourced from the issuer's ESG Data Provider, Clarity AI. The Reference Index data is sourced from Minerva Analytics.*

**Reference benchmarks** are indexes to measure whether the financial product attains the sustainable objective.
