## Benefits

Clients benefit from the flexibility of an exchange-traded investment.  
Provides access to the performance of the index with a single transaction.  
Optimised risk/return profile thanks to a broad diversification across a range of countries and sectors.  
The fund offers a high degree of transparency and cost efficiency.  
UCITS compliant fund.

## Risks

This UBS Exchange Traded Fund invests in equities and may therefore be subject to high fluctuations in value. For this reason, an investment horizon of at least five years and corresponding risk tolerance and capacity are required. All investments are subject to market fluctuations. Every fund has specific risks, which can significantly increase under unusual market conditions. Sustainability risks are not considered as part of the Index selection process. Therefore, sustainability risks are not systematically integrated. As a result, the net asset value of the funds assets is directly dependent on the performance of the underlying index. Losses that could be avoided via active management will not be offset.
