Key Risks

- **The value of your investment may go down as well as up and past performance does not predict future returns. Investor capital may be at risk up to a total loss.**
- The Fund is exposed to the currency markets which may be highly volatile. Large price swings can occur in such markets within very short periods and may result in your investment suffering a loss.
- The performance of the Fund is linked to shares of companies principally engaged in the property sector which involves special risks including: the cyclical nature of property values, changes in the general economic climate, local conditions and market rental rates, attractiveness and location of the relevant properties, the financial circumstances of the tenants and changes in operational costs including (without limit) the costs of maintenance and insurance.
- The value of an investment in shares will depend on a number of factors including, but not limited to, market and economic conditions, sector, geographical region and political events.
- The Fund is exposed to market movements in a single country or region which may be adversely affected by political or economic developments, government action or natural events that do not affect a fund investing in broader markets.
- The Fund has a focus on a single or narrow range of industry, sector or types of companies and performance may not reflect a rise in broader markets.
