## What is this product?

**Type:** Shares of a Sub-Fund of Lyxor Index Fund, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as a SICAV.

**Term:** The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

**Objectives:** The Fund is an index-tracking UCITS passively managed. The investment objective of the Fund is to track both the upward and the downward evolution of the STOXX® Europe 600 Travel & Leisure Net Total Return Index (net dividends reinvested) (the "Benchmark Index"), denominated in Euros (EUR), and representative of the performance of large European companies in the travel and leisure sector, while minimizing the volatility of the difference between the return of the Fund and the return of the Benchmark Index (the "Tracking Error").

The anticipated level of Tracking Error in normal market conditions is indicated in the prospectus.

Additional information about the Benchmark Index can be found at <https://www.stoxx.com>.

The Fund seeks to achieve its objective via indirect replication by entering into an over-the-counter swap contract (financial derivative instrument, the FDI").

The Fund may also invest in a diversified portfolio of international equities, whose performance will be exchanged against the performance of the benchmark Index via the FDI.

Updated composition of the Fund holdings is available on [www.lyxoretf.com](http://www.lyxoretf.com).

In addition, the indicative net asset value is published on the Reuters and Bloomberg pages of the Fund, and might also be mentioned on the websites of the stock exchanges where the Fund is listed.

The Fund is eligible to the French Equity Saving Scheme (PEA), and as

consequence, a minimum of 75% of the Fund assets are invested in diversified equities issued in the European Union.

**Intended Retail Investor:** This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds and who are prepared to take on a high level of risk to their original capital.

Only authorised participants (e.g., selected financial institutions) may deal in shares directly with the Sub-Fund on the primary market. Further details are provided in the Lyxor Index Fund prospectus.
